WOMAN SENT TO WORKHOUSE

Her Poolroom Reported Meeting Place of Youths Accused in Burglaries.

Cases of all but three persons arrested in the burglary roundup by city police over the week-end were disposed of in municipal court yesterday, and those three, all juveniles, were to go before Juvenile Judge Oscar Cast this afternoon on charges of having taken part in the series of burglaries

After exhaustive questioning of all eight persons rounded up, and the arrest of a ninth person, police decided the evidence was sufficient to justify filing charges against five The other four were released when it was learned that the evidence would not support the filing of charges, they said

A heavy penalty was ordered for the only woman involved in the case. She is Mrs. Marie Gorenflo, 40, of Oak street, who police said operated a pool room and restaurant in a basement room immediately east of the courthouse on East Center street.

Gets Speedy Trial

Charged with receiving stolen property—12 cartons of cigarets taken in some of the burglaries—she pleaded not guilty yesterday and a trial for her was quickly arranged She was found guilty and Judge W Dexter Hazen sentenced her to 30 days in the Columbus workhouse and fined her $200 and costs

The investigation indicated, police said, the group rounded up in the burglaries had made the pool room their meeting place, and Judge Hazen said the heavy punishment ordered for her took this into consideration as well as the fact she bought some of the stolen cigarets, reportedly at $1 a carton. She was taken to the workhouse today. It was uncertain whether the pool room and restaurant she has owned for some time would continue to operate.

Youth Bound Over

The only other case disposed of yesterday was that of Stanley E. Jones 18, of 523 Hartfort street, charged with breaking and entering the Bailey grocery on South Vine street July 25 Jones pleaded guilty and was bound over to the grand jury under $2,500 bond.

Charges were drawn today against three 17-year-old boys in juvenile court, charging that two of them had a hand in the South Vine street grocery burglary, and that the third figured in the burglary of the Myers Cleaners shop on North Main street July 19. Judge Gast said he expected to hold a hearing on their cases this afternoon.

Burglars Take Fifty Gallons of Gasoline

The Weaver filling station at the intersection of Wood and Davids street was entered last night, according to a report received by police. Fifty gallons of gasoline was taken and also candy bars from a candy dispensing machine inside the building Entrance was gained by forcing an inside rest room door

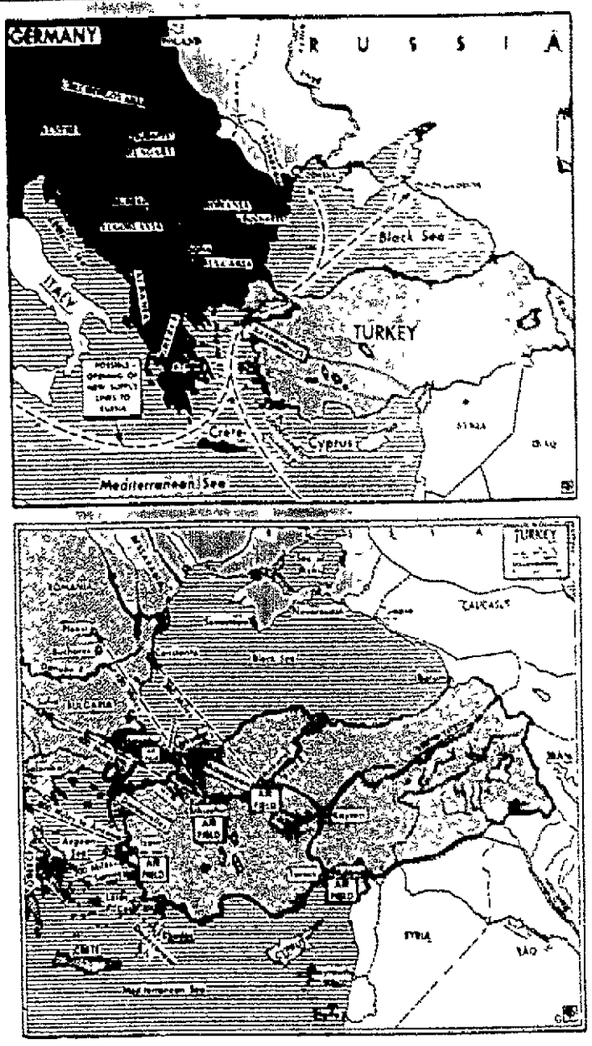
THREE INDIANS IN COURT

Three red men ran afoul of the law Saturday night when they were arrested on a charge of trespassing in the Erie railroad yards. Andrew and James Tyatskowits, 22 and 20 respectively, of Breed, Wis., and Arnold Tenass, 19, of Kinesha, Wis., all American Indians, "passing through the city", pleaded guilty and were fined $5 and costs each when they appeared in municipal court yesterday morning. They were arrested Saturday night at 8:39 by Capt. H. C. Smith of the Erie Railroad police

DIES IN ACCIDENT

By The Associated Press

PITTSBURGH, Aug. 1—Milton Guerraro, 41, of Warren, O., died in Montefiore hospital last night of a skull fracture, suffered when he was struck by a truck a few hours earlier.



Turkey, air bases and supply lines

TURKISH BREAK WITH GERMANY DUE AT ANY HOUR. Turkey is expected to break diplomatic and economic relations with Germany within a few days with Turkey later joining the war on the side of the Allies A flight of German diplomats from Turkey was reported in Ankara as the German ambassador, Franz von Papen, cut short a vacation for a hurried meeting with Premier Sukru Saracoglu When the break comes, Turkey is expected to grant the Allies facilities for air and naval bases In addition, Turkey's change from a neutral to an active Allied participant would open new supply lines to Russia.

Hitler Bomb Plot Reported Completely Quelled by Nazis

Official Reports Indicate German People Show Little Interest Either Way.

By The Associated Press

WASHINGTON, Aug. 1—First reports reaching official Washington from inside Germany disclosed today that the Nazis appear to have crushed definitely the factions involved in the bomb plot against Hitler.

The reports which are official as distinguished from the German radio and neutral capital gossip, indicate that for the moment at least, Hitler has firm control

Best description of the popular German reaction to the bombing attempt was apathy, the information says So far as is known here, there was no rioting in Germany following announcement of the attack on Hitler, nor were there any demonstrations of rejoicing at his escape.

It is confirmed that the Nazis took speedy and far-reaching control measures immediately after the bomb attempt, especially in Berlin.

A tight cordon was thrown about the entire government building district in the capital

Further, there appears every reason to believe the attempt on Hitler's life was in earnest, and not a put-up job as some observers originally speculated

Heinrich Himmler evidently took advantage of the unfulfilled attempt to kill Hitler to liquidate a number of persons of whom he was suspicious, but who may not actually have been involved in the plot, reports indicate.

Hitler named him chief of the entire German home army in the snake-up and purge which followed the bombing

The Soviet embassy bulletin pointed out that Germans can't expect to evade the consequences of aggression by simply kicking out Hitler.

"Conquering Europe is not a game of bowls—you can't say 'I've had enough' and go home," it said. "The Germans had a good time robbing and pillaging Now they are paying the price"

As for Hitler, it went on, a bomb "would be too easy a death for him In one way or another he will have to die soon But a rope is better. A halter around his neck is the thing for him"

NOMINATES STILWELL TO BE FULL GENERAL

By The Associated Press

WASHINGTON, Aug. 1—President Roosevelt today nominated Lt. Gen. Joseph Warren Stilwell, American commander of Chinese forces in Burma, to be a full general in the Army of the United States.

The proposed promotion, raising Stilwell to a rank held by Gen. George C. Marshall, Gen. Douglas MacArthur and Gen. Dwight D. Eisenhower, suggested the probability of new and more important work for Stilwell in the Burma-China area.

In the American military organization, he holds the assignment of commanding general of U. S. Army forces in the Burma-China theater. He also holds a top-flight position under Generalissimo Chiang Kai-shek of China and has certain staff duties under the allied commander in chief in southeast Asia, Lord Louis Mountbatten.

Authorities here would not be surprised if Stilwell's promotion as recommended to the senate today

Marion Co. Soldier Killed in France

Technician Fifth Grade John A. Truitt, 29, reported killed in action in France on June 16, is shown above in a photograph taken before he was ordered overseas last December. A detailed story was printed in Wednesday's issue of The Star when his mother, Mrs. Cecil Graham of Harding Highway west was notified of his death. He was stationed with a motorized unit.

YANK TROOPS PUSH INVASION INTO BRITTANY

Americans Head South as British Advance in Direction of Paris.

By The Associated Press

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE Aug 1—American forces carried the invasion of France into Brittany today and east of the Vire river, a speeding American-British spearhead approached the key city of Vire

Tonight the Americans were driving back the Germans without pause in the coastal corridor of the western offensive

Canadians burst forth with new fighting on the Paris-pointed east flank of the Advance line

The biggest offensive of the invasion hurtled into its second week with augmented power. The Germans' plans-Normandy line was smashed in a dozen places Disorganized Nazis yielded themselves as prisoners in droves

Fighter-escorted American columns pushed south of Avranches across the Selune river, the Normandy-Brittany boundary line, four and a half miles to Pontaubault and beyond and ran through Ducey, six miles beyond the river

The juggernaut headed for Vire was only five miles away from that key communications center On the way the column captured La Beny Bocage, German hill stronghold eight miles north of Vire.

The Germans' whole 80-mile front appeared shattered and their disorganized legions were surrendering in disconsolate droves

In the central sector east of the Vire river the British joined up with the American drive southeast of captured Torigny and swept over tough, wooded ridges across the Souleuvre river only five miles from the key communications town of Vire.

Just south of Caen Canadian troops after a deadlock of nearly a week captured Tilly-La-Champagne, but later front dispatches said the Germans had driven them out again.

Yanks Move South

Already the unchecked American armor had enveloped Pontaubault, four miles due south of Avranches, and had overrun Ducey, five miles to the southeast.

The allies were on the move along the whole Normandy front.

Some Yank units turned eastward from the coast and approached close to the north-south Percy-Villedieu-Les-Poeles road, taking most of the lateral Granville-Villedieu highway, supreme headquarters announced.

Villedieu itself was being hemmed in by American units closing in from both the north and west The Americans now were within two miles of that Normandy road hub city which is 11 miles northeast of Avranches. A front dispatch said other units had smashed past the town to the south Still further to the northeast heavy fighting was raging near Percy and northwest of Tessy-Sur-Vire.

Driving across the Souleuvre river less than two miles west of the German stronghold of Le Beny-Bocage, the British had advanced 11 miles south of their Sunday jump-off area around Caumont and were some 22 miles inland from the English channel. This was the deepest British penetration of the invasion.

U. S. British Forces Join

A British column to the west joined hands with American forces at a point southwest of the Eveque forest, six miles southeast of Torigni-Sur-Vire.

Lt Gen Omar N. Bradley's tank advance beyond Avranches puts the Americans in position to strike 100 miles across the Brittany peninsula base or to turn east toward the interior of France and Paris, 160 miles away.

The Americans had spanned the last great natural barrier against a breakthrough to the south and also were emerging from the hedgerow and grove country which has slowed their progress, a front dispatch said.

Sartilly, six miles northwest of Avranches, was consolidated in a rapid mopup of by-passed areas.

Germans prisoners poured in faster than a definite count could be made. Hundreds were taken on both the American and British front. The total for the week's campaign seemed nearer 15,000 than yesterday's original 10,000. One dispatch said 6,300 were being rounded up in the plunge beyond Avranches, alone.

The major impetus of the American battlefront was southward around Percy and Tessy-Sur-Vire, 20 to 25 miles northeast of Avranches. However, German resistance had hardened.

Germans Surrender

As the consolidation behind the spearheads continued Yank infantrymen found numerous groups of 15 to 20 Germans hiding in

OLD GLORY FLIES AGAIN OVER GUAM. Eight minutes after U. S. Marines hit the beach in the invasion of Guam, the American flag was flying over the island the Japs seized Dec. 10, 1941. Planting the flag under a hail of enemy fire is (left to right) Capt. Paul S. O'Neil of Brighton, Mass, and Capt. Milton F. Thompson of Upper Montclair, N. J.

Germans Using Rocket Plane

New Craft Encountered by U. S. Pilots; Craft Flies at Great Speed.

By The Associated Press

LONDON, Aug. 1—The Germans now have taken the wraps off another new weapon—a rocket-propelled fighter—and all Allied fliers who have encountered the planes agreed today they are capable of terrific speed.

Little is known so far of the effectiveness of the craft Only seven have been met and they did not stand to fight, but the speed at which they ran away underscores the importance they might assume if the Germans manage to produce them on a mass scale

Berlin has been hinting at rocket-propelled planes for months The U. S. air force announced last night that Allied heavy bombers and their convoy of fighters ran into a group of the new planes over Germany Friday.

The Allies have recognized for some time that Nazi jet and rocket-propelled planes, if allowed to appear in big numbers, could challenge Allied air superiority, and it is understood here that is one of the reasons the U. S. Eighth and 15th air forces sent 27,000 heavy bombers to date against German industry and oil supplies in July.

But the Allies might have the answer to this new German weapon in a new fighter of equal or superior capabilities A joint British-American announcement some months ago said the Allies were experimenting with a successful jet-propelled plane There has been no announcement it has gone into action

22,000 IDLE IN STRIKES TODAY

Nation's Labor Troubles Center Principally in East, but All Areas Affected.

By The Associated Press

The nation's labor troubles mounted today. Nearly 22,000 workers were off the job, mostly in the eastern half of the country but the disputes reached to the west coast and the southwest

Montgomery Ward and Company appeared in the picture again Three Detroit area stores and 2,200 employes were affected in a controversy which Jeff Craig, international representative of the CIO United Retail and Wholesale Employes, called a walkout resulting from failure of the company to pay overtime to supervisors working on inventory. The company declined comment.

The Montgomery Ward case was certified by the war labor board to federal labor conciliators and company and union officials were summoned to a meeting today. The big mail order house and the Chicago local of the same union were involved in a bitter dispute in April, climaxed by temporary government seizure, with the aid of troops, of the company's Chicago facilities and forcible ejection from his office of Sewell Avery, Montgomery Ward board chairman Final settlement of that case still is pending

General Motors Plant Idle

In another Detroit dispute, 7,000 workers were idle and five plants of the General Motors' Chevrolet gear and axle division were virtually closed.

Hundreds of thousands of workpound Philadelphians were left

NAZIS SPEED WRECKAGE OF POLISH CAPITAL

City in Flames as Germans Set Torch on Approach of Red Troops.

By The Associated Press

LONDON, Aug 1 Warsaw was reported in flames tonight as Russian marshal pressed upon its northeast suburbs behind a deluge of shells and bombs

Battling with other Red army forces forces the Nazi defenders of East Prussia back along a 143-mile front to within 11.8 miles of the pre-war frontier of that cradle of German militarism.

Billows of black smoke were reported rolling from the ancient Polish capital, indicating the Germans were putting it to the torch in preparation for evacuation. Meanwhile Warsaw was under siege, that three columns were assaulting Praga, the eastern industrial suburb across the broad and swift Vistula river

Marshal Konstantin Rokossovsky's first White Russian army group was reported firing heavy guns over open sights at the besieged German Warsaw garrison The German high command said the Vistula had been bridged by the Russians in the bend southeast of the city.

Polish underground reports said 25,000 German civilians already had evacuated Warsaw, leaving only the army and gestapo.

The 37-year-old Jewish general, Ivan D. Chernikhovsky, pressed his drive upon East Prussia in the direction of the five-way rail junction of Insterburg 55 miles to the west, and on Lyck, 56 miles southeast of Insterburg and 20 miles from Russian vanguards. His spearheads were reported 48 miles east of Tilsit, 75 miles from Memel and 105 miles from the East Prussian capital of Koenigsberg, whose 368,433 population make it Germany's 18th largest city.

Tanks and tommygunners supported by mobile artillery drove along a road to Riga, the Latvian seaport capital of 493,711, from a position 21 miles away The drive threatened to split up to 35 German divisions (perhaps 350,000 men) into north and south Baltic units and trap perhaps tens of thousands behind Russian lines.

A Berlin broadcast said Russian armors in the north had been driven back 12 miles in the Siauliai area, easing the pressure. The Germans also claimed success for a counterthrust away from Tilsit.

Russian fliers reported demolitions exploding in the heart of Warsaw and Izvestia said "the flitterites in their fury are burning and blowing up many buildings" A front dispatch said at least one German infantry division already had been routed in the battle for Warsaw

Marshal Konstantin K Rokossovsky, himself of Polish descent, personally directed the Red army's mammoth assault on the metropolitan area of the Polish capital of 1,265,700 from an advanced headquarters

One of the greatest artillery concentrations of the entire eastern front ripped into German entrenchments on the edge of Praga.

Warsaw, first United Nations capital to hear the roar of liberating cannon and the keystone of Germany's east wall, also was threatened by flanking maneuvers in which the Red army struggled to bridge the broad Vistula southeast of the city. Another column fought close to the stream on the northwest.

Hitler Orders Stand

Front dispatches indicated the battle for Warsaw would be fiercely prolonged by the German command which was reported under orders by Hitler to stand without retreat.

Rokossovsky, who has been building up reserves for a week, lashed forward with a coordinated air and ground bombardment that laid an explosive curtain in front of his veteran infantry.

(A Berlin broadcast declared Warsaw remained calm but said "the roar of a tank battle can be heard in the city.")

The assault on Warsaw virtually was matched in importance by a three-pronged Red army drive against East Prussia in a sector now 143 miles wide. Gen. Ivan Chernikhovsky's command advanced 31 miles and approached within 11.8 miles of East Prussia proper.

In neither direction—beyond Warsaw or toward East Prussia—can the German army give further ground without imperiling the whole structure of the reich's eastern defense, but on both these fronts the numerically superior Red army is forcing Hitler to scrape up all reserves.

The latest communique announced the Russians overran 2,144 localities yesterday, a record for the Soviet summer offensive.

Chernikhovsky, the young Jewish general assigned the task of battering into East Prussia, has methodically prepared for

Quezon, Exiled President of Philippines, Dies in N. Y.

By The Associated Press

SARANAC LAKE, N. Y., Aug 1—Manuel Quezon, 65, exiled napper president of the Philippine government, which he had headed since 1935, died today at a summer home here from tuberculosis.

The magnetic Quezon, who fled from his native Luzon in a submarine Feb 20, 1942, after the Philippines fell to the Japanese, died at 10:05 a. m. (EWT).

He came here late in the spring from Asheville, N. C., and lived with his chief of staff and his official family.

His widow and two daughters, Maria Aurora and Maria Zenaida, and one son, Manuel Jr., were at the bedside.

Long a disciple of Philippine independence, Quezon cast his lot with the Americans when the Japanese invaded his homeland. Previously, he had opposed occupation both by Spain and the United States.

Since his arrival in the United States he used his waning energy to bring about defeat and ouster of the Japanese.

He told the U. S. senate he hoped America would adopt a new war slogan—"Remember the Philippines."

Beyond indicationas that funeral services will be conducted in Washington, there were no immediate definite plans for burial

Born August 18, 1878, of mixed Filipino and Spanish parentage, Quezon was a law student when

MANUEL QUEZON

IN MEMORIAM

*In memory of Margaret Cole Dearth who passed away one year ago today, August 1st, 1943.

'Twas just one year ago today
When our loved one went away,
Little she knows of our sighs and tears,
For she left behind all her worries and fears.
Oh, how we'd love to clasp hold of her hand.
To hear her sweet voice, see her smile once again;
But God called her home, to the heavens so fair,
So we won't wish her back, but we'll meet her up there.

Mr. and Mrs. Forest Cole,
Brothers and Sisters.

CHURCH SOCIETY MEETS

The Women's Missionary society of Emanuel Lutheran church met in the church parlors Friday afternoon and Mrs. Fred Norton was welcomed as a new member. Mrs. H. M. PIN-WORMS GO! New Treatment Gets Real Results

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this affliction can be, and how hard it is to eliminate the ugly crawling creatures once they get a foothold inside the body.

Millions of people—rich and poor, children and grown-ups—have suffered in silence with the miseries of Pin-Worms, and doctors have tried for years to find a way to deal with this pest. Old-fashioned worm "syrups" usually don't work on Pin-Worms.

Today, thanks to an important scientific discovery (a remarkable drug known as gentian violet), a new and highly effective treatment has been hailed by doctors. This drug is the vital element in P-W, the new Pin-Worm tablets developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.

P-W makes it easy to deal with Pin-Worms. The small convenient P-W tablets act in a special way to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P-W, and be sure to follow the directions.

P-W means Pin-Worm relief!

1945 City Budget Higher

Total Is $491,925, Increase of $25,783 Over This Year; Hearing Set for Aug. 14.

The 1945 city budget awaiting a public hearing before council on Aug. 14, calls for $491,925, just a shade under the half-million dollar mark, to operate various departments of city government next year.

This total is $25,783.66 higher than the 1944 cost of municipal operations, based on actual expenses the first six months of this year and an estimate of the funds required to operate the remainder of the year. It is $62,900 more than the total expenses of 1943.

Pay raises granted early this year in several departments helped swell the city government operating costs, but along with the salary boosts came a shrinkage in the number of city employes, due to some being called into military service and the inability of department heads to get men to use as replacements.

Replacements Provided

In setting up the budget for next year, officials provided for salaries for the departments at their normal full strength. Salaries of four firemen, four policemen and a number of service and garbage department employes are set up in the budget to replace shortages now existing in those departments. This accounts for part of the increase over 1944 operating costs.

Another increase is $10,000 for repairs of the city sewage treatment works, long neglected and now badly in need of repairs. Also, an increase of $5,000 was made for labor in the item for sewers to correct faulty sewer conditions.

Funds for Parks

Provision was made for fixing up the city parks by boosting the parks budget figure from $5,500 to $7,000, the increase coming not in salaries but in funds for supplies and other expenses.

The budget figures were assembled before the hospital committee of council early this week recommended an increase in salaries for virtually all hospital employes. After final action has been taken on this recommendation, the budget figures may be altered.

Salary Figures Listed

Most of the increases in the 1945 budget are for salaries in various departments. Some of the salary figures, with the 1944 comparative figures in parentheses, follow:

Police department, $53,600 ($47,400); fire department, $81,320 ($79,620); service department, $1,500 ($3,980); garbage department, $4,500 ($3,980); city hospital, $93,000 ($93,560); sewer department, $7,000 ($2,000).

Other large items of expense in the budget include $25,500 for street lights and $23,000 for hydrant rentals.

Council, after giving the budget a formal public hearing, will take final action on it and send it to the county budget commission which will use it, along with those of other governmental and school subdivisions, as a basis for computing real estate tax rates.

Probable Revenue Adequate

If the sources of revenue from which the city gets its operating revenue all produce the amounts they are expected to yield, the city will be able to meet the increased costs, the proposed budget shows. The city expects to take in $492,186 next year as against $479,094 this year and $483,642.50 in 1943. The 1945 revenue is expected to include $150,000 from general property taxes, $37,000 from sales tax, $180,000 from hospital receipts, $56,000 from garbage service and $25,000 from parking meters, plus smaller amounts from other sources.

Prospect Missionary Society Entertained

Special to The Star

PROSPECT—Thursday Mrs. J. A. Farrington was hostess to the Baptist Missionary society. Mrs. Emery Roberts led devotions. Miss Daisy Roberts had charge of the business session. Mrs. Charles Rodman and Miss Dolores Selter each played a piano solo. Mrs. Rodman reviewed the first two chapters of the study book. Reports from the associational meeting held at LaRue last week were given by Mrs. Wilbur Sivey, Miss Daisy Roberts, Mrs. Chester Lane and Mrs. Glenwood Beard. Mrs. Sivey had charge of the quiet hour. The closing prayer was given by Rev. Russell Daubert.

Guests were Mrs. R. L. Osborn, Miss Hazel Osborn, Mrs. Shappard, Mrs. Dolores Selter, Mrs. William Farrington and children of Columbus, Mrs. Margaret Murphey and son and Miss Doris Jean Smith.

• • •

The Prospect Garden club was entertained at the home of Mrs. Mayme Hedges Friday. Mrs. B. F. Rettorer conducted devotions.

The club accepted the invitation of the East Side Garden club to a picnic in the Community park Aug. 9. The Prospect Garden club is to furnish the program.

The August meeting will be a picnic for members and their families at the home of Mrs. McKittrick with Mrs. Mildred Harsh and Mrs. Virginia Humphreys as assistant hostesses.

The Tank that Overflowed all over America...

It's a very ordinary-looking tank.

You've probably seen hundreds like it.

But this one is unique. Because of what's in it. And because it "overflows." It has been overflowing for months now. Overflowing into tank cars that go to refiners all over America — and overseas.

This is one of the reasons why as much as 33% more bombs can now be dropped on our enemies . . . why our fighter planes can climb a full 20% faster, and go 45% farther.

For this is the "overflow" tank that holds EX-TANES, made by Sohio, and used by refiners coast to coast for energizing vast supplies of aviation gasoline.

These EX-TANES are super-power petroleum molecules . . . power so concentrated that a few cupfuls added to a gallon of aviation gasoline "soups it up" into the world's highest grade fighting fuel.

Today, Sohio workers have so stepped up production of these desperately needed EX-TANES that they are now being shipped to 10 other refiners in America, and to our Allies . . . helping to shorten the war, and to give our men of the air a better fighting chance. THE STANDARD OIL CO. (OHIO)

SOHIO — THE ADDED CUPFULS OF EX-TANES MAKE IT FIGHTING FUEL

EX-TANES
FOR THE AIR FORCES

This advertisement has been reviewed by the War Department and the Office of Censorship, and they found no objection.

Mr. and Mrs. George Burrey of South Prospect street have returned from a two weeks' vacation spent at Cheyenne, Wyo., and Omaha, Neb. While in Cheyenne they attended the annual rodeo show.

• • •

Mr. and Mrs. Sherman Stout of Pennsylvania avenue have returned from a visit with their children, Mr. and Mrs. Robert Montgomery and family, Mr. and Mrs. Harold Stout and family and Clive Stout and other relatives in Chicago.

• • •

Dr. C. G. Smith has returned to Marion after spending the past three weeks at the Boston Medical Center in Boston, Mass.

• • •

Mr. and Mrs. M. A. Giles of Ft. Wayne, Ind., were week-end guests of Mr. and Mrs. Robert W. Armstrong of 165 West Columbia street.

• • •

Mrs. Joseph Ward of the Green Camp road is spending a week in New York City where she is the guest of relatives, Mr. and Mrs. R. T. Pace, formerly of Prospect.

• • •

Wayne E. Hall has returned to his home in Charleston, W. Va., after visiting his parents, Mr. and Mrs. John Hall of 499 North State street. Another son, Pfc. F. Riley Hall of Fort Dix, N. J., is spending a 12-day furlough with his parents. Sunday he was honored with a family dinner given by Mrs. Hall.

• • •

Mr. and Mrs. W. D. Manley and daughters Marcia and Jackie of Salina, Kan., are visiting Mrs. Mary Quick of West Pleasant street, Mr. and Mrs. Joseph Bolander of the Scioto Ordnance Plant staff area and Mrs. Lloyd Manley of Richwood.

• • •

Mr. and Mrs. David H. Peterson of 264 North Seffner avenue have returned from Alexandria, Fla., where they visited their son, Capt. John D. Peterson, and Mrs. Peterson and their son, John Jr. Capt. Peterson is stationed at Fort McClellan. They were accompanied to Alexandria by their son and daughter-in-law, Tech. Sgt. Gerald Peterson, who was home on furlough from Camp Hood, Texas, and Mrs. Peterson. The latter will remain with her husband while he is stationed at Camp Hood. They will make their home at Belton, Texas.

BAZOOKAS KNOCK OUT NAZI TANK. Destruction of a Nazi tank that had tried to block the U. S. advance during the fighting south of St. Lo is dramatically pictured above. In the upper picture the Bazooka gunners have fired their projectile which, with a terrific explosion, envelops the tank in smoke and flames. In the lower photo, an infantry detchment, under Sgt. James F. Kelly, Boston, Mass., rushes toward the tank to see it any of the German crew members have survived and ned attention.

Harry E. Kenner Of Near Cardington Dies

Special to The Star

CARDINGTON, Aug. 1—Harry E. Kenner, 77, died in his home near the Bethel church, north of here, at 6 p. m. yesterday. He was ill two and a half years. Born Oct. 17, 1866 in Knox county, he was a son of William and Jane Benoy Kenner, natives of England. A farmer, he lived in this community most of his life. Surviving are the widow, Mrs. Cena Drury Kenner and a brother, C. A. Kenner of Cardington. Mr. and Mrs. Kenner reared two children, a boy and a girl. The former, Harry Cox of Ft. Wayne, Ind., survives, while the latter, Mrs. Lydia Cox, died some time ago. Funeral services will be conducted Thursday at 2:30 p. m. at the Bethel church by Rev. E. E. Prescott, pastor, and burial will be in Bethel cemetery.

Bricker Declines To Run with Gerald L. K. Smith

By The Associated Press

DETROIT, Aug. 1—The American First party last night nominated Gerald L. K. Smith for President and Gov. Bricker of Ohio for vice president, but Bricker declared immediately he would not permit his "name to be used in any such connection."

Informed at Columbus, O., of the nomination at the America First convention here, the Republican vice presidential nominee asserted:

"I know nothing about it. I know no one connected with it. I shall not permit my name to be used in any such connection. I am a candidate for vice president on the Republican ticket only."

GERMANS FLEEING TO TURK CAPITAL

By The Associated Press

ANKARA, Aug. 1—The overnight express train from Istanbul arrived here this morning packed with Germans and their families.

A special plane was loaded at Istanbul yesterday with another group of Germans hastening inland to Ankara, the capital, before the meeting of the national assembly Wednesday when it is commonly expected that the Turks will announce a break in relations with Germany.

(This dispatch, which passed through Turkish censorship, did not bring out why German nationals in Istanbul, on the Marmara sea only 90 miles from Bulgaria, would choose to flee the 220 miles southeastward to Ankara rather than to the Balkans. However at least a few of them probably would prefer interment by the Turks to a return to their war-ravaged homeland. The Germans may expect the Istanbul sector to become a war zone and wish to avoid being held there. Friendly diplomatic establishments in Ankara perhaps would provide a haven for some.)

Istanbul newspapers announced blackouts would begin along Turkey's Black sea and Mediterranean coasts Thursday.

Mar-O-Del, Marysville Golf Tournament Set

Plans are being made for a tournament between golfers of the Mar-O-Del club and Marysville players to be held here Sunday. A return match will be played Aug. 13 at Marysville.

MRS. STUCKMAN DIES

BUCYRUS, Aug. 1 — Funeral will be held Wednesday at 2 p. m. in Zion church at Sulphur Springs for Mrs. Mary Jane Stuckman, 70, who died in City hospital Sunday after an illness of two months. Burial will be made in Mt. Zion cemetery. Mrs. Stuckman is survived by four children, Lewis R. of Bucyrus, James H. of Martel, E. Karl Stuckman of Sulphur Springs and Mrs. Alice Speelman of Crestline, and four brothers, Harry of Sulphur Springs, Walter of Galion, George of Galion and Shannon of Bucyrus.

DAUGHTER IS BORN TO CHAPLIN'S WIFE

By The Associated Press

SANTA MONICA, Calif., Aug. 1—A daughter was born to Oona O'Neill Chaplin, wife of Comedian Charlie Chaplin, at St. [illegible] hospital last night, Dr. Sheldon Payne announced this morning.

"They wanted a girl and they're both very happy," said Dr. Payne. The baby, weighing six pounds 11½ ounces, has not been named.

The physician said the 18-year-old mother and baby were doing well and that the 54-year-old father "got by pretty well."

Mrs. Chaplin, daughter of Playwright Eugene O'Neill, and the film comic were married in June, 1943. This is Chaplin's fourth child. His first, a son born to him and the late Mildred Harris, died in infancy. Two sons, Charles Jr., 18, and Sydney, 17, were born to his second wife, Lita Grey Chaplin.

Joan Berry, the comedian's former dramatics student, has a civil action pending against Chaplin in which she seeks support for her 10-month-old daughter, Carol Ann, alleging he is the father.

Soldiers Send Federal Ballots To Vote in Ohio

By The Associated Press

COLUMBUS, O., Aug. 1—Federal ballots are being received from Ohio service men and women even though they are not valid, Secretary of State Edward J. Hummel reported yesterday.

Forty such ballots have been received from voters claiming Columbus, Dayton, Sandusky, Youngstown and Cleveland as their legal residences, Hummel said.

Under the state constitution, federal ballots cannot be counted because the Ohio legislature at a special session in May provided for a state ballot designed for absente service voting.

The secretary of state said his office thus far has received applications for 32,000 state ballots.

OFFICERS INSTALLED

State Deputy S. C. Abell of Dayton installed officers for Marion Circle No. 184, Protected Home Circle, at its meeting Friday night in Democratic club hall.

The officers are Mrs. Dortha Eaton, past president; Mrs. Gladys McDougal, president; Mrs. Margaret Russell, vice president; Mrs. Meria Williams, chaplain; Mrs. Elizabeth McDougal, guardian; Mrs. Helen Johnson, guide; Mrs. Velma Ritchie, companion; Miss Evelyn Isett, sentinel; Isaac Eaton, watchman.

Mr. Abell was assisted by Mrs. Lois Young and Miss Ruth Young, who acted as guide and companion.

Following the installation ceremony Mrs. Gladys McDougal presented Mrs. Dortha Eaton, the retiring president, with a jeweled pin and ear-rings to match, on behalf of the members and the ladies' degree team.

State Deputy Abell complimented the local circle for having in three successive years won the first prize for gain in new members in Ohio.

Preceding the meeting, 6 o'clock dinner was served.

FOUR PLANTS WIN "E"

By The Associated Press

WASHINGTON, Aug. 1—Four Ohio plants yesterday were awarded the Army-Navy "E" award for excellence in production of war materials. They were the Strong Manufacturing Co. of Sebring, the Auto Compressor Co. of Wilmington, the Montpelier Manufacturing Co. of Montpelier and the Gabriel Co., plant No. 1, Cleveland.

CAPUDINE

Major H. T. Hill Prisoner of War

Major H. T. Hill, husband of Mrs. Edna Merle Bargar Hill, formerly of Marion, has been reported a prisoner of the Germans, according to word received by Mrs. Hill in Austin, Texas. He had previously been reported missing over Austria since May 10. Mrs. Hill, who is the daughter of Mr. and Mrs. J. T. Bargar of Bellefontaine avenue, wrote her parents that she had received a telegram from the war department on July 1, notifying her that her husband was a prisoner. The confirmation letter arrived three weeks later. From another source, Mrs. Hill learned that her husband's plane received a direct hit in the control room during a bombing raid over Austria. The plane fell out of formation and disappeared from sight.

Notice that Major Hill was missing was carried in a previous issue of The Star.

Major Hill is a native of Hillsboro, Tex. He was a student at Baylor university at Waco, Tex., at the time of his enlistment in 1941. He was a squadron commander on a Flying Fortress with the 15th Air Force in Italy.

Procedure for Filling Court Vacancy in County Outlined

...cedure for filling the common pleas court vacancy ...e death of Judge Hector S. Young was outlined today ...officials as preparations for the start of soldier voting ...esday made quick action on this matter imperative.

...ot for soldier voting this year, which make it neces... ...absent voting much ...usual, there would ...candidates for the ...circulate petitions ...nomination by that ...ier voting regulations ...this impossible, James ...ecuting attorney, has ...county board of elec... ...vide a blank space on ...ballots for a ...election. The candidate ...the write-in campaign ...for the unexpired term of Judge Young, starting Jan. 1, 1945 and serving until Jan 1, 1947.

It is expected that Governor Bricker will appoint a judge to serve until the successor chosen in the November election is prepared to take office next Jan. 1.

Several Marion attorneys have been mentioned as possible applicants for the appointment to the judgeship, and it is expected that the one chosen, if appointed soon to serve until the first of the year, probably would conduct a write-in campaign to retain the job for the two-year period starting on Jan. 1. Some are reported to be planning write-in campaigns without waiting to learn whom Governor Bricker appoints.

Among those who have been mentioned as possible applicants for the judgeship are George T. Geran, W. R. Martin, French Crow, Carter M. Patton, Paul D. Smith and J. D. Williamson, all Republicans. Speculation naturally has centered around Republicans because of the fact a Republican governor will make the appointment. Whether any Democratic attorneys would consider becoming candidates for the write-in election was uncertain.

Victory House Bond Sales Show Gain

Total sales of war bonds and stamps at the Victory House last week amounted to $4,932.70 which was a slight increase over the preceding week's total of $4,251.85. Bonds alone brought $4,868.75 and stamps $63.95.

Daily sales for the week were as follows: Monday bonds $300, stamps $9.75; Tuesday bonds $131.25, stamps $.60; Wednesday bonds $318.75, stamps $13.15; Thursday bonds $862.50, stamps $3.75; Friday bonds $1,962.50, stamps $10.20; Saturday bonds $1,293.75, stamps $26.50.

British merchant vessels sunk by torpedoes in World War I totalled 1,381.

New Irving Berlin Song To Infantry Written in Italy

Associated Press Features

ROME — Irving Berlin, after spending several weeks with combat troops in Italy has written a new song, dedicated to the infantry, which he considers one of the best he ever has written.

The songwriter introduced it personally in a GI show, "This is the Army," on June 15 in Rome. It is entitled "There Are No Wings on a Foxhole" and reads:

"There are no wings on a foxhole
If it's where you happen to be
While the shells are flying
It's doing or dying
For the men of the Infantry.

"There are no wheels on your tootsies
When you march from night till dawn
Twenty miles of hiking
Are not to your liking
But the footsoldier marches on.

"From the night—till the dawn
The footsoldier marches on.

"There's a sharp end to your rifle
When you're close to your enemy
At the close-up meeting
There's no retreating
For the men of the Infantry."

A cow in a good pasture will eat 150 pounds of green herbage and produce 40 pounds of milk without losing weight.

JAPS SLAUGHTER U. S. SHIP CREW

By The Associated Press

NEW YORK, Aug. 1—Roy Porter of NBC broadcast yesterday from Chengtu, China, a story of the slaying of about three quarters of the crew of a U. S. Liberty ship in the Indian ocean in mid-June by seaman of a Japanese submarine.

Porter said the story was substantiated by an American who recently arrived in China. Of about 100 crew members of the ship, only 23 were saved and hospitalized following their rescue by a U. S. scouting plane.

According to the story, Porter said, the American ship first was torpedoed, the crew members taking to lifeboats. Then the enemy sub surfaced and ordered all the Americans to the foredeck, where they were beaten and tortured, their hands tied behind their backs. Many were killed and their bodies kicked overboard, Porter added. The orgy ended only when a scout plane approached and the Japanese vessel submerged, leaving the surviving seamen threshing in the water, their hands still tied. They were rescued after 15 hours in the water.

Women's Church Group Meets at Caledonia

CALEDONIA — The W.S.C.S. of the Methodist church met at the home of Mrs. Lavina Coulter Thursday. Wanda Koehler, Myrtle Martin and Mrs. Bertha Campbell assisted the hostess.

The subject "He healed the sick" was used by Miss Ethel Porter for the devotional period. Mrs Orral Garber gave a reading.

• • •

The Past Chiefs' club of the Pythian Sisters were entertained at the home of Mrs. Rachel Kelley with Margaret Martin as assisting hostess. Devotions were led by Mrs Roy Garver. Arrangements were made for a picnic in August.

• • •

Wesleyan Service Guild of Memorial church met with Mary Brocksby Thursday. Mrs Mary Doure led devotions. Florence Rusch was leader of the study hour. A pledge to missions was made by the group and will sponsor the purchasing of songbooks for the Sunday school.

Marion Youth Wins Aircrewman's Wings

Radioman - Gunner Floyd J Decker, 18, son of Mr. and Mrs. Floyd F. Decker of 413 Mound street, won the Navy's coveted aircrewman wings recently upon completing flight combat training in Grumman Avenger torpedo bomber planes at Ft. Lauderdale, Fla., according to word from the fort.

Capt. L. E. French, commanding officer, personally presented the wings to him at ceremonies climaxing months of hard training for him at this and other Navy stations.

Petty Officer Decker, whose rating is Aviation Radioman 3rd class, received instructions in both aerial gunnery and aviation radio under conditions similar to those which may be encountered in combat areas.

Decker was graduated from Harding High school in June, 1943, and enlisted in the Navy the following August.

Even in the earliest historic periods wheat growing was known as an old industry.

Eleazar Wheelock, who founded Dartmouth college, was graduated from Yale in 1733.

When a Railroad carries a Railroad

THAT'S NEWS!

AND that's exactly what's happening today on the Erie and other American Railroads. Locomotives, freight cars, and essential replacement parts are made here at home for use in the invasion areas. Loaded in sections, or actually carried in tow, they travel by *rail* to embarkation points. Placed in operation overseas, they form a *final link* in the chain of supply which begins in factories and farms here in America.

By the end of this year, 4,000 locomotives and 60,000 freight cars produced in this country will be in active service overseas. And these are only a small part of the tremendous war load now being carried by your railroads.

But we're getting the job done, and with the help of the public, shippers, and government agencies, the Erie and other American Railroads will continue to carry the load for Victory.

TUESDAY, AUGUST 1, 1944

Good Government

THE REPUBLICAN governors conference in St. Louis this week represents a new political technique which may have a strong influence on American government in the years ahead.

Aside from the campaign implications—the Republican governors have approximately 75 percent of the national population in their 26 states—the conference will be concerned, as previous conferences have been concerned, with problems of administration.

In a proposed list of subjects to be discussed, Gov. Dewey and Gov. Bricker last week expressed concern over failure by the federal and state governments to reach understandings on such matters as natural resources, highways, public health, unemployment insurance, water and flood control, overlapping taxes and regulation of insurance. These are typical of problems which state governors of both parties must work within the administrative routines of their offices. Yet, except for the new technique of the governors' conference, they are problems which are being neglected in the course of panic discussion.

This country has been so preoccupied with Polish Corridors, lend-lease, global thinking and foreign policy that it has more than half forgotten that the better world of tomorrow must be built at home, not in Madagascar. It has been so carried away with ideological arguments that it has slighted such commonplace questions as where the money is going to come from to cover some of the ideological deficits.

Good government for the United States isn't the stuff that crusades are made of; it has been shoved aside in favor of glittering generalities and blaring trumpets. Nevertheless, the Republican governors have a hunch it may have potent political appeal after a decade in which plain, ordinary government has been neglected.

Vicious Tax Precedent

INTERNAL revenue bureau figures on federal income from automobile use tax stamps show a sharp decline in their sale from last year—about 8 per cent. This decline, significantly, is greater than the decline in income from the federal gasoline tax—and no doubt would be even greater if it could be compared with the national decline in auto registrations. This means that relative to cars in use, use tax stamp sales are declining year by year.

In other words, the government is committing itself to a vicious tax precedent in retaining a levy which is not being equitably collected. In some parts of the country, enforcement of the use tax stamp's use is negligible; it has been reported that in some southern states many motorists pay no attention to them. Even in the cities of the north, enforcement is not systematic enough to compel all auto owners to purchase the tax stamps. The $25 penalty for not having the stamp becomes, under the circumstances, a little better than a five to one gamble on not getting caught. Conscientious auto owners who buy the stamps year in and year out are properly resentful of a levy on their consciences, instead of on the automobiles in use in the United States as a whole.

Dirty Politics in New York

NEW YORK'S voting law is a model of simplicity on constitutional lines. A service voter in that state, upon application by himself or by family or friends, will be sent the same ballot he would use if voting at home. Yet it is under heavy fire by critics—not critics of the law, but political opponents of Gov. Dewey who obviously hope to handicap his bid for the presidency by creating resentment against him as the governor of the state. The stake in this piece of dirty politics is the New York electoral vote; there are enough service voters in the state to swing a close election. A similar smear may be expected in Ohio, which also has a model service voting law. The chief difference in the two states, as far as this underhand political strategy is concerned, is the fact that in New York City the radical elements which are promoting it hold a balance of power which gives them a fair prospect of success, whereas in Ohio the same elements are not concentrated in any population center sufficiently large to hold veto power over the outcome of the state's voting.

It must be realized so it can be dealt with that Gov. Dewey's ability to carry his own state is the objective of the attack on the New York service voting law. The Roosevelt party's intention of trying to embitter service voters by making it appear that their rights somehow were disregarded by the states' refusal to consent to an unconstitutional federal ballot has been well advertised. The Rooseveltians are frankly playing politics at the expense of American fighting men. Every citizen who understands what is afoot has an obligation to relay his understanding to the service men with whom he corresponds.

News Behind the News

International Bank Created at Bretton Woods Believed Misnamed.

By PAUL MALLON

WASHINGTON, Aug. 1—The international bank created at the Woods at Bretton is a misnomer.

It is nothing like a bank, except that it will be a place for foreign nations to get money. It is really a stabilization institution.

Only one-fifth of the proposed loan for reconstruction and development will be made directly by us. The other four-fifths will be guarantee of loans by private bankers.

As a matter of fact, the negotiators at Bretton did not want to call it a bank, but could think of no other word. A bank, as you know it is a place where people deposit their money, which is taken out the banker and loaned to bring a profit to the institution. Any comparison of that formula to what was set up at Bretton is humorous if not ironical.

Certain general standards for the loans were fixed, but they were the most possible standards. Naturally. They were not the standards of banks for commercial loans.

What these standards are will become fully apparent only as the loans are made and the complex words of the agreements are interpreted by the heads of the institution.

The Basic Idea

But the whole idea is to promote foreign rehabilitation and development (not to get the money back) so the standards, you may be sure, were fixed accordingly.

What the realistic Russians thought of this is apparent in their actions. They fought for the lowest possible part in the bank, and the best part they could get in the exchange arrangement.

Participation in the bank obviously is a liability. But participation in the exchange agreement will give the Russians more dollars and more pounds, and also give them more power in world trade voting, as voting power over the fund is to be based on the extent of monetary participation.

In fact the conferees thought the Russians did the best in the conference. They finally came into the bank at the ratio assigned (quota) they wanted, but not our first terms, only after we agreed to increase our own participation.

British in Background

The British remained pretty much in the background. Lord Keynes, (author of easy-spending policies) ran the bank end of the conference, but held only one press conference.

Our Harry White ran the monetary exchange end, and appeared a front man for the gathering.

The Latin Americans handled the miscellaneous part and Mexico got in a few licks for silver. The Latins had 19 out of the 46 odd nations on the ground—nearly half.

Will the exchange agreement stabilize exchange at the existing level, or at a fair and just level as everyone wishes? It will have trouble.

The agreement did not fix rates. We have already fixed some rates for ourselves, the inflation rate of a 2 cent franc and a 1 cent lire.

Rates of Exchange

In the negotiations each country wanted to keep its rate as high as possible against the dollar and thus Chiang achieved the prospect of a 5 cent yuan. That is a politically friendly rate, not an actual rate.

One expert recently out of China said the true internal rate of the yuan runs anywhere from 500 to 1,500 to the dollar. The indicated rate of 5 cents in the agreement will be difficult to sustain. Even 2 cents some say, might be difficult.

Actually under the agreement present rates of exchange are not to be frozen, but will be fixed from time to time in the future under the principles laid down, principles which are more or less geared to existing rates.

The defect of the fund is that the contributions to it are to be largely in the currencies of foreign nations, the worth of which in the future may depend on anything else but the controls of the international exchange agreement.

Bans Gold Payments

Furthermore it prevents countries which might pay us in gold, and have some gold with which to pay, from using it (France, Latin America, Russia.)

The conclusion must be reached, therefore, that this exchange agreement does not itself stabilize exchange, but merely furnishes an $8,800,000,000 fund, through which it may be done. As for the $9,100,000,000 bank, it will go on the rocks sooner or later.

(Distributed by King Features Syndicate Inc. reproduction in whole or part strictly prohibited.)

World War a Year Ago

AUG. 1, 1943

By The United Press

More than 175 U. S. Liberators from the Middle East devastate oil fields in Ploesti region of Romania; drop delayed explosive and incendiary missiles from heights of less than 550 feet.

Seventh U. S. Army captures nine key towns in Sicily and threatens to flank the northern end of Etna Line; British First Army breaches German defenses in front of Catania.

In Russia, the Red army tightens its grip on the German-held base at Orel, advancing up to seven miles, captures more than 100 populated areas.

In Rome, Marshal Pietro Badoglio repeals anti-Jewish laws.

Dr. Joseph Goebbels, gauleiter of Berlin, orders evacuation of all persons from that city not obliged to remain for military reason.

Airbases in the Marianas

By JAMES J. STREBIG
Associated Press Correspondent

WASHINGTON — Conquest of Saipan and invasion of Guam mean a new phase in B-29 Superfortress operations against Japan. They will be more comparable to the Eighth Air Force attacks on Germany than ever would be possible from the China-India-Burma bases in use at present.

Outstanding single advantage in having an island base for the big bombers, military authorities point out, is the improvement in the supply situation. The B-29s in the CBI theater must be supplied by air, an expensive, time-consuming task of limited capacity.

Acquisition of airfields in the Marianas will end all that, particularly with occupation of Guam, for Guam has excellent harbor facilities. Guam appears to have terrain suitable for air fields; in fact indications are that the United States at least had begun building useable landing strips before Pearl Harbor.

Island Facilities

Saipan does not have port facilities equal to those of Guam, but its terrain is much more adaptable to heavy bomber operations. The raid on the Bonins by B-24 Liberators apparently originated from Saipan, since the map shows no other American-held airfields within reach of land-based planes.

Aside from supply, an island base for the big Boeings has a number of important advantages over the CBI bases which are peculiar to long range air operations.

1. Pilots prefer to fly over water on long hops in enemy infested territory rather than over the jungle, because if forced down it is easier to land on water. The planes are well equipped with life rafts and supplies, food and water may be easier to obtain. There is less danger from animals and disease. Most of all, rescue is much more likely. This is particularly true of the B-29, admirably adapted for safe ditching.

2. The possibilities for surprise are much better, since the enemy cannot hide along the route and the effective range of his detection devices can be reduced by low approaches.

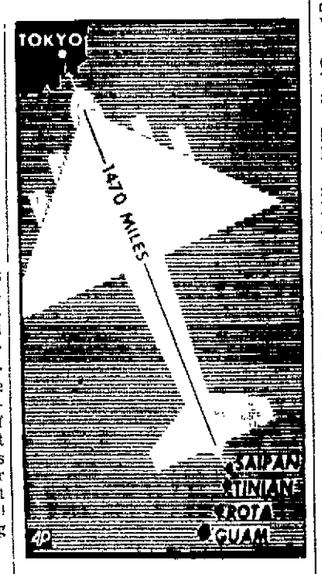
3. Weather is more predictable and navigation is at least no more difficult than over the varying, rugged Asiatic terrain.

4. Bases can be protected more easily with a wide expanse of water around them.

Limited Size

The volume and frequency of B-29 operations against Japan and the Philippines may be limited somewhat by the mere fact of the size of Guam and Saipan. The Superfortress is a huge ship requiring tremendous supplies and ground crews. The ships must be dispersed to prevent heavy damage from surprise attacks. All that requires space.

These limitations, however, do not offer any comfort to the Japanese—unless they find it in the fact that operations of the size carried on from English bases against Germany will not be possible.



FOUR-MOTORED ARROW, in the form of Superfortresses, aims at Tokyo from American bases in the Marianas islands.

Peru Rations Horses

By The Associated Press

WASHINGTON—Horse power is at a premium in Peru. Exportation of horses which can be used in agriculture, industry or in army service has been banned, according to the U. S. Department of Commerce.

A STRANGE BIRD IS THE POOFWAFFE

From News of Other Years

TEN YEARS AGO

It was Wednesday, Aug. 1, 1934.

Adolf Hitler had set his eye on the presidency of Germany as well as being chancellor, he was quoted as saying in a news dispatch from Berlin. This would give him a dictatorship as absolute as any in the world.

United States Senator Simeon D. Fess of Yellow Springs spoke at a Republican rally in Kenton, criticizing what he called the "follies and fancies" of the Democratic administration. He charged New Deal policies were the theories of radicals and college professors.

Three hundred persons attended a dance at the Rainbow Gardens given by the Women's board of the Marion City hospital as a benefit to raise funds for the hospital. Mrs. J. A. Dodd and Mrs. Chester C. Roberts were general chairmen.

The Imperial club met at the home of Mrs. Ruth Orr on Thompson street.

Officers headed by Mrs. Harry Fowler were elected by the Ladies Aid society of First United Brethren church.

Contest honors were won by Mrs. Frank McNeal at a meeting of the H and T club with Mrs. Will Metz.

Members of the Semper Idem club met at the home of Mrs. Willis Drumm of Bellefontaine avenue.

Willis Wolbert, 45, a Susquehanna Silk Mills employe, died at his home near Green Camp.

Mrs. Minnie Alleshouse, 86, died at the home of a daughter, Mrs. Lillian Feighner of West Center street.

TWENTY YEARS AGO

It was Friday, Aug. 1, 1924.

After a long controversy between attorneys for the prosecution and defense, Judge John R. Caverly, hearing the case of Nathan F. Leopold Jr. and Richard A. Loeb, confessed slayers of 13-year-old Bobby Franks, decided to permit a dozen or more alienists to testify regarding the "mental disease, functional in character," with which it was alleged the two defendants were afflicted.

Mrs. George Leffler, 44, died at her home in Pleasant township.

A son was born to Mr. and Mrs. Robert Watkins of Girard avenue.

Hoke Donithen, secretary of the Harding Memorial association, received a wreath from the White House to be placed at the tomb of the late President Harding on the anniversary of his death, Aug. 2.

It was announced that the Bucyrus organization of King's Daughters had taken the first step toward purchase of a chapter house. A share of the estate of Mrs. Anna Cahill had been bequeathed to the various circles, providing a nucleus for the purchase price.

Mrs. Frank Renzenberger entertained at a luncheon in Hotel Harding for the pleasure of her guests, Mrs. William Armstrong Timmes and Mrs. Valentine Roundtree and son of Richmond, Va.

Something Extra

By The Associated Press

NEW YORK—The one month waste paper salvage drive in the Empire State building, the world's tallest, provided a mystery that's intriguing WPB. Salvage efforts turned up three lost or discarded wedding rings. No one knows to whom the rings belonged and no one has put in a claim.

Daily Bible Thought

You can't read obscene novels and have a clean heart: "Create in me a clean heart, O God."—Psalm 51:10.

Cork is used for cartridge plugs, bomb parts, insulation of plates and tanks, life preservers and other Army and Navy war equipment.

Today and Tomorrow

Strong and Helpful Polish Government Important to Post-War Europe.

By WALTER LIPPMANN

PUBLIC comment in America and Britain on Polish-Soviet relations has thus far done much more harm than good. It has created a false impression of the extent to which the western governments could and would support the present Polish government: this apparent support has strengthened the hand of the Polish factions which are irreconcilably anti-Soviet and has weakened the hand of those who like the late Gen. Sikorski and the present premier, Mr. Mikolajczyk, were not anti-Russian and have realized that the liberation and the security of Poland demand an understanding with the Soviet Union.

In Moscow the effect has been to arouse suspicion and distrust to which there was no easy answer: Why, it was asked, do London and Washington continue to befriend a government which contains such conspicuous enemies of its ally, and why do they tolerate a Polish propaganda which has verged on incitement to war between the English speaking nations and the Soviets?

Nevertheless, the situation today is radically different than it was in the winter and spring when all attempts to reach an understanding failed.

Reds Liberating Poland

The Red Army is now liberating Poland. This has brought the members of the Polish government in London to a sharp realization that they can return to Warsaw only with the consent of the Soviet government. As a result the prime minister, who has always wanted an understanding, has now for the first time been given full power to take whatever measures are necessary to reach an understanding.

On the other hand, the relations between the Soviet Union and the British-Americans have improved decidedly since the Polish question was an important cause of difference between them. The Teheran military agreements have been fulfilled to the letter and have been executed brilliantly; there can be no doubt in Marshal Stalin's mind that the alliance against Germany is faithful and without reservations.

Moreover, agreement has been reached on the terms of the armistice to be imposed on Germany, and this agreement disposes of the idea that Britain and America have any intention of trying to use Germany to create a balance of power against the Soviet Union.

The fact that there is a genuine "second front" in Normandy and that the terms for Germany are satisfactory to the Soviets puts the whole Polish question in a more favorable perspective. It means that liberated Poland cannot possibly become the spearpoint of an anti-Soviet combination, that liberated Poland must take its place in a United Nations combination directed to enforcing the German settlement.

If the Polish prime minister is able with conviction to confirm the new pact that Poland knows it must collaborate with the Soviets in enforcing the German settlement, then he has much to contribute which Marshal Stalin must desire.

The Polish authorities with which the Red Army is working in liberated Poland do not profess to be a Polish government, and are not recognized as such in Moscow. Undoubtedly, they represent elements of the Polish nation which must participate in any government that is capable of uniting the country.

But they do not represent all the elements. No government will represent all of them unless it can command the alliance of all the Poles because it is the legitimate successor of the government which first took up arms against Germany.

Legitimate Power

Mr. Mikolajczyk holds in his hands this power of legitimate succession. He can dismiss the personnel of the London government; he can form a new government representing a coalition of elements of that government with the committee now exercising authority in Poland. Only through him can this new government obtain a clear title to govern.

The legitimacy of the Polish government is a very important consideration to the Soviet Union. For this government will have to cede territory which was formerly Polish; it will have to annex territory which is now German; it will have to form alliances with the Soviet Union and Czechoslovakia; and it will have to become an enforcing power of the German settlement.

To perform these great acts of sovereignty, it needs an unchallenged title. Without such a title, the government cannot successfully reunite the Poles. Failing that, the territorial and political settlement in eastern Europe will lack stability because of the internal disunion of the Polish nation.

"Do you always sing in the bath?"

The Once Over

By H. I. PHILLIPS

Day With Der Fuehrer.

Up in the morn—a glass to rinse
No one has struck him from behind,
He finds indeed he hasn't died—
And asks to have it verified.

A shave he needs; he searches for
A foe behind the bathroom door;
He lathers up quite nervously . . .
The soap could full of poison be!

A glass of water, not in haste—
For he's suspicious of the taste;
His pot of coffee is too hot—
He calls the maid and has her SHOT!

A dish of cereal . . . a scream! . . .
He thinks there's something in the cream
An orange comes, but he's afraid . . .
It looks too much like a grenade!

"I am not hungry," he decides.
"I am not hungry, and besides
I'll wait for lunch when I can see
The later plans concerning me."

The phone rings and he jumps . . . Oh no—
All noises they upset him so!
He boldly answers it alone—
He can't be shot by telephone!

A general is on the wire:
He says the situation's dire:
Der Fuehrer moans in tones so grim:
"He can't trust me; I can't trust him."

He calls in Goering for light:
On any plots formed overnight
They check to find what's new and fine
That they are fourteen plots genuine!

* * *

He asks about the Russian front
But cries, "Dunt tell me all it is, dolt!"
He loudly yells "We cannot lose . . .
If we scrap all unpleasant news!"

A look at all the map he takes
And shakes and shakes and shakes and shakes,
A tire in the street blows out . . .
"They got me!" Adolf Hitler shouts.

* * *

And so it goes through Hitler's day:
Fresh jitters all along the way;
He is der fuehrer good and not,
Ach, how he wishes he were not!

The nightfall . . . terror . . . shadows . . . creaks . . .
The wind . . . a flapping curtain . . . squeaks
A superdooper full of dread—
A case of creeps AND SO TO BED!

Can You Remember.

Away back when you could upset a hotel manager by threatening to vacate your room?

* * *

The cream content in ice cream is to be cut. We still insist it is impossible.

* * *

Two women were injured in a fight over a victory garden in Brooklyn in which their families were partners. You can start an awful fight these days by just bringing up the issue of which partner has got to take the corn and potatoes.

* * *

George Bernard Shaw has come out against any punishment of the Nazi war leaders. He says they must be treated gently after the war. It would be nice if things could be arranged in a while for Mr. Shaw to do his writing in some place like Lidice.

* * *

Mr. Goebbels says that the bomb which blew a room to pieces and hurt everybody but Hitler was placed "directly at his feet." He attributes his complete escape to Providence, but to us it is simply a proof that Hitler's feet are so far they're a major defense.

(Released by The Associated Newspapers)

Cotton Corners

By Truman Twill

Dear Nephew: Things have been mighty quiet around here the last two days. It hasn't been easy to close up the bedroom, put away the books and dispose of the tell-tale clutter that a kid leaves behind him. But it never has been, and we've always weathered it before. Tell the boy that his father's clumsy uncle let his turtle get away, but make it sound accidental. I don't want to be accused of any part in the crime. On the other hand I didn't want him to be among me months from now about a turtle we didn't keep penned up for him.

I never did get around to viewing with alarm the hootings and hollerings of the political conventions. It wasn't quite as bad this year as has been other years, but it was bad enough, and I hope the natives in the South Seas and Alaska and other points did not get the wrong idea. We have a special problem with these people right now. I do not believe they should be exposed too suddenly to such cultural by-products of civilization as the sound effects from political conventions, rug-cutting and boogie-woogie.

It might lead to misunderstanding. Much depends on impressing them with the fact that we are smarter than they are, or they won't have confidence in us. I saw a picture the other day of a couple of soldiers doing rug-cutting before an audience of fuzzy-wuzzies and I thought I could detect an astonished look on their faces as though they were thinking, "These guys are only imitating us and we thought they were above us." And if on top of that happened to hear the political conventions it would just about kick the props out from their respect for the white man.

We'd have a heck of a time after convincing them that their white brothers should be sent some missionaries to give them a helping hand. I thought of the same thing when I read about those young people in New York biting their arms down a bear's throat and chewing a girl's arm chewed off. I doubt if there is a fuzzy-wuzzy alive who wouldn't rather than to stick his arm within biting distance of a bear, especially a mad one. I suppose the censorship keeps these signs of how much progress we have not been making here from coming to the attention of the people we are trying to impress. It isn't what we think of us that matters, though that is what we worry about most. It is what they think of us that finally will count. We are the ones who are going to stay home, and I don't know whether airplanes, bulldozers and battleships will offset such unfavorable sound effects from political conventions, jitterbugs and some of our other cultural achievements.

Cotton Corners.

So They Say—

The worst driving conditions, the most reprehensible driving practices and the grossest disregard for conservation were noted on those stretches of highway leading to and from war plants.—American Automobile Association survey.

People say that management has done a splendid war job. But it has been a one-sided job, with tremendous emphasis on production. It has been a weight-lifting job, and weight-lifting is apt to make one muscle-bound.—Van Deventer, president, Iron Age.

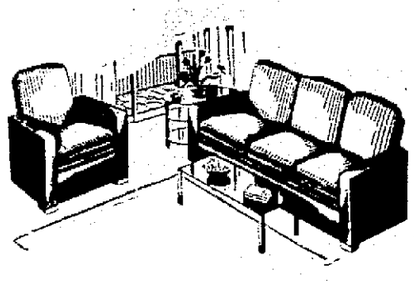
Dependable Furniture for 78 Years



Especially Right Now ---

The suggestion that you shop around is good at all seasons of the year, but especially during "Sale time."

Furniture is not something that you can just buy and discard if you don't happen to like it. Because of the expenditure necessary, you must "live" with your furniture many years, so the greatest care should be exercised when selecting it.

Our advice is that you do not buy the first thing you look at. As you know, Schaffner's have always advised shopping around. We would not do this if we were not certain that you would find the best values here. Look around a little first and THEN come to Schaffner's. It will pay you.

Schaffner's

P. S. Buy U. S. War Bonds . . . put it on your "must" list.

Checking Air Force Officers in Link Trainers

The spirit that won the Army

AN AIR FORCE OFFICER came in for his routine checkup and was surprised to find a Wac in charge of the Link Trainer. "Why, that's no work for a woman!" he said.

"I've been trained for it, sir," the Wac answered with a smile. "And if I can't do it, I don't belong in this man's Army."

This Wac spirit isn't just one of brag or pride in the Corps. It's a spirit of confidence.

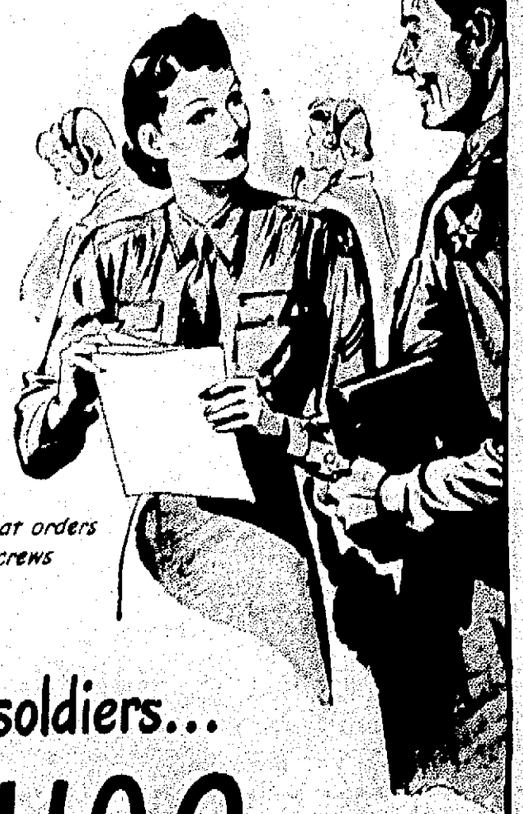
For the WAC hasn't been given jobs, it has won the right to do them. When the WAC was first organized, there were only four jobs the Army thought women could handle.

But the WAC rolled up its sleeves and showed the Army what women can do.

Job by job, they demonstrated their aptitude, their earnestness, and courage.

And the four jobs grew into 239. Today, wherever you find a Wac on the job, you find a job well done. G.I. Joe says it. The Colonel says it.

And the General says, "I wish we had a million more Wacs!"



Sending combat orders to bomber crews

LIST GALION MAN AMONG MISSING

Special to The Star

GALION, Aug. 1—A Galion mother, Mrs. Clyde Richardson, was notified this week by the Navy department that her son, James Guy Rymal, 19, seaman second class, is missing in the Pacific area. The message was received Saturday when Mr. and Mrs. Richardson were out of town. It stated that the Galion boy is "missing following action in performance of his duties in service of his country," and was sent by Vice Admiral Randall Jacobs, chief of naval personnel.

Rymal enlisted in the Navy during his junior year at Galion High school. During his school days he had worked at the J. C. Penney company store. He took his basic training at Great Lakes Naval Training Center, beginning November, 1942, and he graduated from gunnery school there May 31, 1943, and at submarine school at New London, Conn., last Oct. 5. He was born in Detroit, Mich., March 3, 1925, but came to Galion when he was about six months old.

He had been in the Pacific area for the past five months and wrote his mother May 6, sending a Mother's day greeting. He was last home late in September, 1943.

Jimmy was one of five boys of the Richardson family in military service.

PREDICTS 25 STATES IN DEWEY COLUMN

By The Associated Press

NEW YORK, Aug. 1 — Herbert Brownell Jr., Republican national chairman, predicts Gov. Thomas E. Dewey, G. O. P. presidential nominee, will carry at least 25 states and defeat President Roosevelt in the November election.

The 25 states enumerated by Brownell in a press conference yesterday have 311 electoral votes—or 45 more than the 266 required for election.

Brownell said public opinion polls in Illinois, Indiana, Ohio, Michigan, New York and Iowa indicated Dewey would carry those states.

In addition, he placed these in the Dewey column: Colorado, Connecticut, Delaware, Idaho, Kansas, Maine, Massachusetts, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, North Dakota, Oregon, Pennsylvania, South Dakota, Vermont, Wisconsin and Wyoming.

The six states in which polls were taken showed an average gain for the Republicans of more than 5.5 per cent over 1940, Brownell said.

Brownell's prediction was based on figures compiled by the Gallup poll in Illinois, Indiana, Michigan, Ohio and New York, and the Iowa poll in Iowa.

FRANCE

(Continued from Page 1)

barns and abandoned dwellings. Few chose to fight it out, most preferring to surrender. Many complained their officers had deserted them.

(The German radio announced Marshal Von Kluge had "decided to halt Gen. Sir Bernard L. Montgomery beyond the Avranches-Caen road.")

Advancing from position east and slightly north of Caumont, British troops captured Launay and Canteleup and seized the cross roads village of St. Pierre Du Fresne. British infantrymen now were on a strong line extending from St. Germain D'Ectot, four miles northeast of Caumont, through Orbois to St. Vaast-Sur-Seulles.

The junction with the Americans southwest of Caumont was achieved in a quick drive that engulfed the Exeque forest.

New Maximum Price on Potatoes Announced

By The Associated Press

WASHINGTON, Aug. 1—The office of price administration announced yesterday a new maximum price of $3.60 per hundredweight for potatoes in Ohio, Pennsylvania, West Virginia and Kentucky.

The adjustment was made in connection with a maximum price increase of 90 cents a hundred pounds at shipping points in 16 north-eastern states during August.

The retail increase will amount to one cent per pound, the OPA said, adding the change was necessitated by a substantial reduction in potato yield due to drouth.

MARION SERGEANT WOUNDED IN FRANCE

William Maniaci Struck by Shrapnel, Parents Learn.

Sgt. William Maniaci suffered shrapnel wounds in France, according to word received by his parents, Mr. and Mrs. Nick Maniaci of 719 Silver street. In a letter they received from him, Sgt. Maniaci mentioned that he had taken part in the battle of Cherbourg and it is believed by his parents that he suffered the wounds at that time. He also told them that he had been awarded the Purple Heart.

Sgt. Maniaci entered the service July 30, 1942. He has served overseas since November of last year.

BIRTHS

A son was born to Lt. and Mrs. Bruce L. Mathis Saturday in Nix hospital, San Antonio, Texas. Mrs. Mathis was formerly Betty Jane Moore, daughter of Mr. and Mrs. Eugene H. Moore of Bellefontaine avenue.

• • •

A daughter was born yesterday to Aviation Machinist's Mate First Class and Mrs. George W. Orcutt of Falmouth, Mass., according to word received by the father's parents, Mr. and Mrs. W. E. Orcutt of 311 Bellefontaine avenue. Born in a private hospital near Falmouth, the baby has been named Karen Marie. The father is stationed at a naval air base at Falmouth.

• • •

Twin daughters were born to Mr. and Mrs. Lawrence Foreman of near Harpster yesterday in their home.

• • •

A son was born this morning in City hospital to Mr. and Mrs. Robert Evans of Richwood.

• • •

Mr. and Mrs. Robert King of 189 Pennsylvania avenue are parents of a son born this morning in City hospital.

• • •

A son was born at City hospital this morning to Mr. and Mrs. Luther Clevenger of Marysville.

KILLED AT LIMA

By The Associated Press

LIMA, O., Aug. 1—Mrs. Josephine Marshall, 52, a waitress, was killed last night as she walked into the side of an eastbound Pennsylvania passenger train at the Main street crossing.

CONGRESS TO SPEED POST-WAR ACTION

By The Associated Press

WASHINGTON, Aug. 1 — Leadership of both major parties turned the heat on the senate military committee today as reopening of congress brought new insistence for protecting the country against unemployment and industrial chaos when the war ends.

With the hopes of many legislators held high that Germany's defeat may come suddenly, cutting war production virtually in half, pressure for machinery to ease the conversion of industry to a greater emphasis on civilian production has mounted steadily since congress quit five weeks ago for party conventions and a summer-time rest.

Joining with Chairman Reynolds (D-NC) in telegraphing members of the military committee to return to Washington Thursday to act "without delay" on demobilization, reconversion and surplus property disposal legislation, Senate Majority Leader Barkley (Ky) told reporters:

"I don't know when the war will end. I think nothing is more foolish than guessing when it will be over or when Germany will collapse. However, there will be no recess of congress until this urgent legislation is out of the way."

The measures before the committee call for the setting up of an over-all demobilization and reconversion agency but differ as to the power to be granted.

As for war taxes, Barkley told reporters he does not see how congress could tackle a tax bill "without knowing how much the war is going to cost."

At the same time, Chairman Doughton (D-NC) of the house ways and means committee gave assurance that when the war does end congressional tax leaders "will be ready to stimulate expansion of the peace economy by broad adjustments of the tax burdens."

BRICKER GOES TO ST. LOUIS

By The Associated Press

COLUMBUS, O., Aug. 1—Gov. Bricker leaves today for St. Louis where he will attend the G.O.P. governors' conference which opens Wednesday. The Republican vice presidential nominee is being accompanied by Mrs. Bricker, Robert L. Batton, his secretary, and John W. Galbreath, his pre-convention campaign manager.

TAKES HUSBAND'S OFFICE

By The Associated Press

LISBON, O., Aug. 1—Mrs. Edith C. Dawson was appointed county treasurer by Columbiana county commissioners yesterday. She succeeds her husband, Olen H. Dawson, who died July 20. Mrs. Dawson will serve until a successor is chosen at the Nov. 7 election.

OHIO MOOSE ELECT

By The Associated Press

TOLEDO, O., Aug. 1—Harold Schaeffer of Delaware is the newly-elected president of the Ohio Moose association. Other officers, named yesterday at the organization's annual convention include, Judge A. C. Bartheimeh, Canton, first vice president and Kenneth Cuthbert, Steubenville, outer guard.

DEWEY CLAIMS G.O.P. PREPARED FOR PEACE

By The Associated Press

EN ROUTE WEST WITH DEWEY, Aug. 1—Gov. Thomas E. Dewey offered today a G O P regime he contends will be better prepared to deal with the problems of peace at home as an answer to Democratic pleas for retention in office of President Roosevelt as "commander-in-chief."

Traveling toward Springfield, Ill., for talks with Gov. Dwight Green and other state leaders before the opening of a Republican governors' conference in St. Louis tomorrow, the presidential nominee left little doubt he is ready to challenge the war leadership issue his opponents have raised.

With a prediction that most of the next presidential term will find the country at peace, Dewey said yesterday in Pittsburgh that preparations for industrial reconversion had been delayed too long and that "no progress" is being made by the New Deal toward meeting postwar conditions.

While Dewey did not specifically mention the commander-in-chief issue, Gov. Edward Martin of Pennsylvania, a retired major general and World war I veteran, said this country never had a president "who contemplated he was actually handling the Army and Navy."

Significantly, Rep. Charles Halleck of Indiana, chairman of the Republican congressional campaign committee, told a reporter emphasis would be laid in the G.O.P. campaign on the contention that the winning of the war should be left in the hands of military leaders.

STRIKES

(Continued from Page 1)

stranded on street corners today by a sudden, unheralded work stoppage that halted all urban buses and street cars and virtually paralyzed the city's subway and subway-elevated lines.

Vital production was slowed in plants throughout the metropolis of 2,000,000, termed by the war manpower commission the second highest war producing center in the nation, as thousands stayed at home and other thousands straggled in one, two and three hours late.

A spokesman for the Philadelphia Transportation Co., operator of the city's entire transportation system, said the company believed the bus, trolley and subway drivers quit in protest against the hiring of Negro operators.

Stalemate in New Jersey

A stalemate appeared to have developed in Roebling and Trenton, N. J., where some 4,700 employes of John A. Roebling's Sons & Co., wire products makers, were idle in a controversy over company dismissal of nine men from a tempering shop.

Another major dispute saw 4,300 away from the job at the General Steel Casting company's Granite City, Ill., plant.

Other cases and the number idle included: Anaconda Wire and Cable Co., Marion, Ind., 1,100; American Can Co., Jersey City, N. J., 950; John Harsh foundry, Cleveland, 700; Ball Bros Co., Muncie, Ind., 500; four furniture companies in Chicago, 247; Federal Mogul Co., San Francisco, 100; Knoxville Mining Co., Galesburg, Ill., 80; radio station KSTP, Minneapolis, 16.

However, 2,500 employes voted to return to work yesterday at the Moudaille-Hershey Corp. in Buffalo, N. Y., and a stoppage of 2,400 at the Clayton Manufacturing Company's Ashland, Ky., shell plant ended.

In Harrison, Ark., 120 operating employes of the Missouri and Arkansas railroad, on strike since last Thursday in a wage award dispute, said they would return to work today.

ROCKETS

(Continued from Page 1)

Rocket-propelled planes differ from jet-propelled craft in that the oxygen which helps power them is carried aboard in combination with other elements instead of being taken from the air through which the plane passes.

The speedy German rocket planes have been designated as ME-163S.

Col. Alvin P. Tacon Jr., Mobile, Ala., said his Mustang formation encountered five of the planes. He said he was unable to get his sights on either of two he tried to catch. A Mustang can do better than 400 miles an hour.

TEXAN KNOCKED DOWN DURING POLITICAL ROW. W. W. Adair (left), a pro-Roosevelt Democrat, shouts his defiance after being knocked to the pavement as Dallas county Democrats met at Dallas, Tex., to name delegates to their state convention. Adair entered a meeting of anti-Roosevelt Democrats, who had withdrawn from the regular meeting, and tore down a precinct sign. He was followed outside and struck by man at extreme right.

LT. GEN STILWELL

STILWELL

(Continued from Page 1)

day by the President foreshadowed an intensification of allied war effort in the southeast Asia area, particularly by strengthening the organization of Chinese armies.

Problems in this connection are two-fold. Initially, the job is to keep a maximum amount of supplies flowing into China by air while clearing a land route through Burma which must serve until such time as the naval forces driving across the Pacific from Guam and New Guinea can open a China seaport on the Asiatic mainland.

Secondly, it is to bring about full training, and so far as necessary, reorganization of Chinese military forces into a powerful combat team.

PACIFIC

(Continued from Page 1)

beyond the Halmahera-Philippines line, which is the main defense cover for his conquered empire in the southwest Pacific. Should this line go, all his conquests south of China will be imperiled and in grave danger of flank envelopment."

Since the invasion of Dutch New Guinea, the Allied forces have advanced 800 statute miles. The Japanese have been pushed back to the position they held in February, 1942, after losing more than 100,000 men, hundreds of planes and innumerable ships and barges.

Japanese Troops Squeezed Tighter in Northern Guam

By The Associated Press

U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, Aug. 1—American soldiers and Marines, sweeping swiftly across southern Guam and through the capital town of Agana, today squeezed the Japanese tighter in the island's northern half, there to be pounded mercilessly from the air, ground and sea.

On Tinian, 130 miles north of Guam, the battered remnants of the enemy force huddled in a small pocket near the island's southern end with no hope of escape. Marines on Tinian opened an assault Sunday on what Adm. Chester W. Nimitz termed the "last enemy defenses."

Tough Battles Behind

With Tinian's conquest near, a Nimitz spokesman said also "the worst is over on Guam—most of the difficult fighting is behind the Americans."

The American line on Guam Sunday night extended from a point on Agana bay, a mile north of the central west coast town of Agana, across the island's five-mile waist to Pago bay on the east short.

From both ends of this land line, allied warships formed a semi-circle of steel and flashing fire around northern Guam and poured into the Nipponese usurpers of the former U. S. naval base the punishment of their heavy guns.

U. S. Use Port Again

More than two and a half years after Japan seized Guam, the southwestern part of the island was functioning again as an American naval center. Allied ships steamed in and out of Port Apra, best harbor in the Marianas, and a procession of warplanes operated from Japanese-built Orote peninsula airfield.

Nimitz said 6,206 Japanese had been killed and 775 civilians interned on Guam through Sunday.

Rough terrain made the progress on Tinian slow. Two hours of bombing and naval gunfire preceded the Sunday morning attack on the last Japanese defenses.

Liberators attacked Truk, in the Carolines, with 75 tons of bombs Saturday, shooting down one intercepting fighter and probably destroying or damaging three others.

SUFFERS EYE INJURY

UPPER SANDUSKY—Struck in the left eye by a flying bit of metal as he was cutting the head off a bolt while working at his fathers farm near here, Wayne Rothelsberger was taken to Marion for examination by an eye specialist there. It is believed that he will eventually regain at least partial sight. Wayne Lundy, 16, fell and struck his head on the concrete as he was coming out of the swimming pool at Harrison Smith park. He was taken to Bucyrus hospital in the Bringman & Co. ambulance where it was found he had suffered a slight concussion.

Normandy Drive Now Turns Into Battle of France

By DEWITT MACKENZIE
Associated Press War Analyst

The magnificent achievement of the Cotentin peninsula has given us a fair answer to the question of "what's in a name" as turning the "battle of Normandy" into the "battle of France."

There's plenty in that simple name. It's the difference between the confined area of the peninsula, which has cabined the Anglo-American operations and the freer maneuver over open country and sectors of France—and Belgium. It's the difference between sick, grudging footsteps toward war's end and a full-blooded rush to match the dynamic speed of the Red armies in the east.

In short, the significance of the victory is that the western allies through superb effort finally have won sufficient space in which to deploy the vast forces at their disposal. That is of the utmost importance. We've been too crowded heretofore to put all our strength into a drive.

Rip Out Nazi's Anchor

What happened yesterday was that the Americans in their great thrust through Granville and Avranches ripped out the coastal anchor on the southwest flank of the German line which ran approximately across the base of the whole peninsula. This left the enemy coastal wing dangling dangerously in the air. Simultaneously the hard-hitting Canadian and British forces on the other end of the allied front surged forward and leveled up the line.

The sum of this operation is that the whole German line is in danger of being outflanked on both wings and suffering a major disaster. This threat is increased by the fact that the allies now are in position to use their big contingent of swift moving tanks to better advantage, since they are leaving the terrible hedge-row terrain behind.

The allied drive continues today, with the Americans exploiting the opening offered in that dangling left wing of the Nazi front.

German Field Marshal Von Kluge now is neatly pinioned on the horns of a dilemma. His inclination must be to fling in fresh forces and try to block the allied advance before it spreads out, but if he does that he will be weakening the defenses of vulnerable places along the coast where the allies might swoop in and land.

Nazis Fear New Assault

For instance, the Hitlerites are maintaining strong forces in the Calais-Bologne area, on the narrowest part of the English channel, where they fear an amphibious assault. There's small doubt the allies are ready to take advantage of any weakness which they deem suitable for exploitation.

As things are developing in Normandy, the allies have the option of driving directly for Paris, or first of making a quick stab southward to slice off the Brest peninsula. This latter course would give them the second finest port in all France to be used in conjunction with neighboring Cherbourg to pour troops and material into France for the all-out push towards Germany.

This is one of the big moments in the invasion of France. Things should move rapidly from now on.

Japs Say Roto Island Landings Beaten Off

By The Associated Press

The Tokyo radio quoted an imperial headquarters communique today as saying Japanese troops on Rota island, situated between Tinian and Guam in the Marianas, "for successive days have prevented enemy landings by valiantly fighting under fierce artillery firing."

Wording of the communique did not make clear whether landing operations against the island actually had been launched.

There has been no American announcement concerning operations against Rota, but in the past the Japanese frequently have been the first to report such attacks.

The communique reporting the assault upon Rota also acknowledged American gains on Tinian and said heavy fighting was continuing on Guam.

U. S. SENDS RUSSIA PLANES VIA ARCTIC

EDMONTON, Alta., Aug. 1—(Canadian Press)—Short series of hops that is using the most northerly route of flying planes from the United States to Russia over the Canadian and Alaskan wilderness route was hailed today after nearly two years of the new supply trade.

It was learned from U. S. military sources here that approximately 1,000 American-built fighting planes have been sent to Soviet Russia over the far northern route with about half of them having flown via Edmonton and Fairbanks, Alaska.

A stream of C-47 planes has gone to the Russian front over the route in the first four months of 1944 alone, it was reported.

During heavy week-end traffic Edmonton residents have seen a mighty aerial parade, miles in length. The Red Star of Russia has been borne through Canadian and Alaskan skies on many types of aircraft.

Officers reported losses have been few. (At Seattle, Rep. Warren G. Magnuson of Washington said operational losses had been held to "an almost unbelievable minimum," despite "terrible cold weather hazards.")

American ferry pilots fly the ships from Great Falls, Mont., to Fairbanks. The Russians take over at Fairbanks and fly to Siberia via a 540-mile leg to Nome, on the Bering Sea.

Russian airmen have been seen frequently here and have been acclaimed at public gatherings. Russ women also have participated in the flights from Alaska, but none have been seen here.

8TH ARMY GAINING SLOWLY ON FLORENCE

By The Associated Press

ROME, Aug. 1—Eighth army troops are making slow, methodical progress in their advance on Florence against nine German divisions fighting a desperate last stand battle before the Tuscan capital, Allied headquarters announced today.

South of the city the Germans lunged out with fierce counter-attacks along a wide semicircular front which now forms their defense line.

"It is clear the enemy is determined to make a real stand as long as he is able, but the Eighth army's advance is relentlessly forcing him from successive strongpoints," headquarters said.

The Germans are using three of the best divisions at their disposal in Italy for guarding the approaches to Florence. They have the support of Tiger tanks and are using a new type of booby trap—grenades set out by wires stretched across roads at a height to catch the aerials of radio-equipped vehicles. The grenades themselves are tied to trees and explode over the vehicles.

West of highway Two, Eighth army troops still hold San Michele despite a counterattack in which five German tanks entered the town. The Eighth also occupied La Romola, two miles east of San Michele, and the village of San Andrea after repulsing a counter-attack there.

East of Highway Two South Africans patrolling to the Greve river found the crossings strongly defended. Still further east British troops repulsed five counterattacks against their positions on Mount Scalari and their forward patrols reached San Martino.

Rommel, Stuelpnagel Both Reported Dead

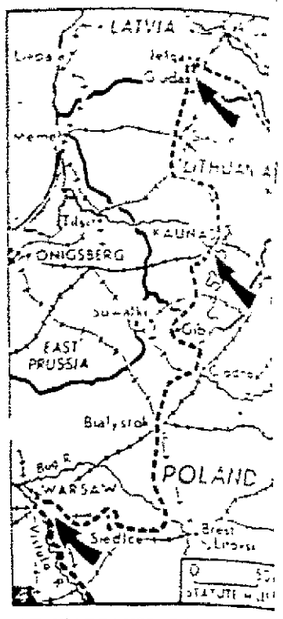
By The Associated Press

ALGIERS, Aug. 1—The French underground has reported that Marshal Erwin Rommel and Gen. Otto Von Stuelpnagel both died in France, the committee of national liberation said today.

Rommel, German ground commander in Normandy, was said to have been fatally wounded in the head during an air attack on the Normandy front. (The German radio denied yesterday that Rommel either was dead or seriously wounded).

Stuelpnagel, military administrator of occupied France, was reported to have committed suicide following failure of the generals' plot on Hitler's life.

HOW B-29S HIT AT MANCHURIA. Official war department statements now make plain the fact that in the Manchurian raids of B-29 superfortresses, the U. S. fliers have located the centers of new war industries set up outside Japan by the Nipponese. These are at points outside Mukden and Tientsin, such as Anshan and Tangku. The map shows the probable course taken in reaching these centers from which the Jap armies in China have been getting supplies. The Mukden area is the second largest pig-iron producing center of the Japanese empire.



AT WARSAW'S GATES. Shaded areas show Stalin has announced capture of Jelgava (top arrow) and Siedlce (bottom arrow). Germans reported that Russian forces had opened an offensive against Warsaw's industrial suburb of Praga on the east bank of the Vistula river, and that Red army forces had crossed the former Lithuanian border of Kaunas (arrow).

• • •

RUSSIA

(Continued from Page 1)

conquest of the lake-dotted northern reaches of that province, clearing three big road centers leading across the frontier.

From Kopiec, 11.8 miles from the pre-war Prussian boundary, directly west of Grodno, the Cherniakhovsky armies were reported at Lyck, 20 miles away.

Mop Up Triangle

Another force was mopping up the Suwalki triangle, described by Hitler as German land.

From Pilviskiai, farther south, the third arm thrust west along the railway leading to Koenigsberg, East Prussian capital of 368,433.

Streams of German fugitives were reported pouring back into Riga, greatest port of the Baltic republics, after Gen. Ivan C. Bagramian's army, sweeping through Latvia toward the sea, captured Jelgava, 21 miles southwest.

Soviet scouts raced along both sides of the Lielupe river which empties into the Baltic 20 miles north of Jelgava and 14 miles west of Riga.

The fall of Jelgava announced by Premier Stalin rimmed the main junction of communications linking the Baltic region with East Prussia," left those Germans in Estonia and eastern Latvia with little chance of escape except by sea.

Scourged from their positions east of the Vistula river, the Germans fell back pell-mell toward Warsaw, their streaming columns choking the four bridges spanning the stream from Praga. Rokossovsky's advance forces already could see buildings in the capital, such as the 15-story Prudential Life Assurance Company skyscraper and the cathedral of St. John.

The Red army attack on Poland's first city moved within from a radius of eight to 10 miles—from Radzmin, to the northeast; Wolomin, to the east and Otwock, to the south.

Russians in Kaunas

The Russians announced Soviet forces had stormed into the pre-war Lithuanian capital of Kaunas and were fighting in its streets. (Berlin yesterday said the city had been captured.)

Gen. Andrei I. Yeremenko's second Baltic army striking northwest of fallen Daugavpils in Latvia, was some 50 miles southeast of Riga with the capture of Dunava. Gen. Ivan Maslennikov's Third Baltic army on the north captured Raakva, eight miles inside southern Estonia.

A seaborne evacuation of the Germans from the Riga area became a more difficult process by the hour. At Jelgava, the Russian were 21 miles from the sea (Population: 393 211) and the gulf of Riga.

Having in effect split the Baltics, the Red army now controls two-thirds of Lithuania and three-fourths of Latvia. Soviet troops were sweeping across Estonia on a wide front.

Some German units were falling back on Liepaja (Libau), second largest Latvian city, and on Memel, in East Prussia just before war started. (Russians were within 75 miles of Memel last night.) While offering small chances of enemy escape by ships, these ports are of great strategic importance to the German command, which could evacuate them during development of the battle for East Prussia.

Smoke from dozens of fires hung over Kaunas, the former Lithuanian capital, after the German completed destruction of military installations. Farther toward Tilsit in East Prussia, 50 miles from advanced Russian lines, on the one remaining railway route.

Finnish President Reported To Have Quit

By The Associated Press

LONDON, Aug. 1—President Risto Ryti of Finland was reported in a Reuters dispatch from Stockholm today to have resigned.

The dispatch, quoting Helsinki reports from Helsinki, said the new president was expected to be Juho Kusti Paasikivi.

ACTRESS HAS BOY

By The Associated Press

LOS ANGELES, Aug. 1—Actress Loretta Young, wife of actor Tom Lewis, gave birth to a baby boy, her first, at the Queen of Angels hospital today. The boy, weighing 7 pounds 12 ounces, was named Christopher Paul. The Lewises have an adopted daughter, Judy, 8.

FISH AND CLARK FACING TEST

New Yorker and Missourian Have Tough Opposition in Today's Voting.

By The Associated Press

Two of congress' most colorful figures come up with renomination tries against tough opposition today—Rep. Hamilton Fish in New York's 28th district and Sen. Bennett Clark in Missouri.

Fish's chances are affected not alone by the strength of his opponent, Attorney Augustus W. Bennet of Newburgh, but also by the fact that Gov. Thomas E. Dewey and Wendell L. Willkie have called for his defeat.

Fish, outspoken Republican who has been in the house since 1920, was quoted in a newspaper article as having said Jews are "more or less for the New Deal" and that it would be better "if they split their vote between the two major parties."

Dewey, the G. O. P. presidential nominee, accused him of having "raised religious and racial" issues; Fish commented he simply has stated facts.

Senator Clark's opponent for the Democratic nomination is Roy McKittrick, Missouri's attorney general who has campaigned as a pro-Roosevelt man, attacking Clark's record on pre-war foreign policy.

Clark, who at times has dissented vigorously from administration actions during his 11 years in the senate, has the support of Sen. Harry S. Truman, Democratic vice presidential nominee.

Gov. Forrest C. Donnell is one of seven Republicans contesting in Missouri primaries for their party's senatorial nomination. Nominees also are being selected for 13 house seats. New Yorkers are nominating for 45 house seats but the Fish-Bennet race overshadows all the others.

Kansas Republicans and Democrats and Virginia Democrats likewise hold primaries today, Virginians voting on candidates for nine house memberships.

Republican Sen. Clyde M. Reed is opposed for renomination by Carl E. Friend. Kansans also are nominating for governor and six seats in the house.

The only incumbent Virginia representative with opposition is Patrick H. Drewry of Petersburg, opposed by L. L. Bean of South Hill.

Other developments:

Rep. Clare Boothe Luce (R-Conn.), announcing she would run for reelection, said her opponents had contended she "might be purged by Sidney Hillman's political action committee" and that was a challenge "I can not ignore."

The senate campaign expenditures investigating committee arranged to undertake inquiries in New Jersey and Arkansas.

PEACE BY POWER DERIDED BY THOMAS

By The Associated Press

OBERLIN, O., July 31—Prospects for peace will be better if the United States does not delude itself with the thought that an alliance of the strong can maintain an unjust peace, declares Norman Thomas.

In an address prepared for delivery yesterday at an Oberlin college town meeting, the Socialist party's presidential candidate asserted "Neither President Roosevelt nor any of the allied leaders has said one word that might shorten the war by giving the German people a little hope of a decent peace. * * *

"Nothing is surer than that no peace will be secure which is not based on reason and justice. The proclamation of terms that might shorten the war would merely mean the statement of terms appropriate to a lasting peace."

Thomas said the Republican and Democratic platforms "are almost identical in pledging our country to membership in some association to maintain the peace but extraordinarily vague in describing the nature of the peace."

* * *

By The Associated Press

NEW YORK, July 21—Norman Thomas says President Roosevelt's policies contain "no formula for avoiding that third world war."

Thomas, Socialist candidate for president, made the statement in an open letter to Prof. Reinhold Niebuhr, chairman of the Union for Democratic action.

The letter said the President's "underwriting of white supremacy in the Far East and the Balkanization of Europe between Moscow and London is an invitation to new war."

Thomas asked Niebuhr why he was "supporting the Democrats."

WED 61 YEARS

KENTON—Mr. and Mrs. D. G. Strahm, both aged 83, will observe their sixty-first wedding anniversary Aug. 2 with open house at their home. The couple were married in Kenton in 1883 and lived on a farm northeast of Ada until last September. Mr. Strahm this summer has been painting their house. Mrs. Strahm does all her own work.

As far back as the third millennium B. C., equinoxes and solstices were determined in China by the stars.

Oddities in News of Ohio

By The Associated Press

XENIA, O.—A guest checked out of a local hotel. On reaching Dayton he realized he had left his suitcase here and called the hotel, where employes rushed about, trying unsuccessfully to find the missing bag.

Then someone saw the suitcase sitting on the curb near the hotel. It had been there all day, unmolested.

* * *

WASHINGTON C. H., O.—Jim Yates, manager of the local Western Union telegraph office, said he once promised his mother he would write to her every day and he has not missed for 16 years.

* * *

WARREN, O. — The Rev. Thomas L. Frazee, pastor of the Upper Bonn Baptist Mission, was in Champion, O., about eight miles from here, and couldn't get a bus home. So the minister walked to Warren, ate his dinner and officiated at the wedding of Doris Moneypenny and Albert Tymer—not bad for a man "going on 80."

* * *

YOUNGSTOWN, O. — The well-equipped Youngstown policeman carries for purposes of identification a handbook on biology.

"There's a funny looking animal hanging around the garbage can on my beat, sarge" an excited lady from the North Side phoned. "Can you send out an officer to tell me what it is and how to dispose of it?" The animal was a 'possum.

The case that momentarily stumped the department was a request for help in hiving a swarm of bees. They called an expert bee man, since the well-equipped policeman does not carry veils, gloves and a smoking outfit.

* * *

TOLEDO, O. — Four-year-old Marion Savage, son of Mr. and Mrs. John Savage of Walbridge, O., cast his fishing line on the water and sat down to await a nibble.

An hour later he was rewarded. He pulled a six-inch bullhead out of his grandmother's backyard pool.

* * *

COLUMBUS, O.—Flags fly in front of every home in the first block of Burgess avenue north of West Broad street when a serviceman is home on furlough. Eight times the neighbors have celebrated in this way.

Torricelli conceived the first barometer in 1643.

New Texas Gas Line Is Now Progressing by Leaps and Bounds

A few short weeks ago, when we reported on the construction of a new pipe line to bring additional supplies of Texas gas into Ohio, only 62 miles of the line were completed. Today more than 347 miles of the line are finished and the work is progressing at the rate of 10 to 12 miles a day. Some 23 construction crews are now engaged over the 1265 mile route. River crossings, compressor stations, field gathering lines and other necessary construction are moving forward on schedule. By early fall the project is due for completion and, after a few weeks of test operation, it should be ready to deliver some 40 million cubic feet of gas a day into The Ohio Fuel Gas Company's lines.

Meanwhile, our Company is taking gas from another Texas line serving Detroit at the rate of from 50 to 60 million cubic feet a day and forcing it into our underground storage wells for use next winter. Our own well drilling program and that of independent operators are progressing satisfactorily in Ohio.

All of this gas, however, is not net gain in supply. Some of it must replace wells depleted last winter. Other of it replenishes our underground storage. Also, in view of the new Texas supply, we will receive less gas from West Virginia this winter than during the last season.

As we inform our domestic, commercial and industrial customers of an improved gas condition for the coming winter, we warn that the supply of ALL fuels will still be considered critical. Realizing this, you will want to continue your vigilance of guarding against waste of a commodity that is so essential to the needs of both war industries and the home front.

Cubs Drop Third Middletown Game

By BOB COCHERL

Marion's collar-dwelling Cubs were unable to raise themselves from that spot last night as they lost their third straight game to Middletown, this time by a score of 5 to 4, under the lights at Lincoln park.

It was Ralph Rorie pitching six-hit ball to win his fifth game in seven starts. This is his second win over the locals on their home diamond.

Gene Mills, new boy from Cornell, Ill., started the game for Marion and seemed to have plenty of "stuff" but was unable to control his pitches as he walked six men, hit four batters and made one wild pitch. However, he had some big league fielding behind him with the locals making two double-plays to get him out of the hole in the third and fourth frames.

Middletown, after putting men in scoring position in three out of the first four innings, finally pushed two runs across in the fifth when Paige walked, Clayton singled, Lutes struck out and Teter singled scoring Paige with Clayton tallying on a wild pitch.

They scored two more in the sixth as Zedalis was hit by a pitched ball, Rorie sacrificed, Paige hit a single down the right field line, scoring Zedalis, Clayton then doubled, Paige holding third, Lutes was hit by a pitched ball, with Teter getting a free ticket to force in a run. Red Bailey came in at this point to put the fire out with a double play pitcher to catcher to first.

Their last marker came in the seventh when Kuddes singled to center field, took third on a single by Zedalis and scored on a passed ball.

The locals scored their first marker in the fifth when Bob Kuhlman took two bases on the shortstop's bad throw to first, and scored on Art Anders double to left field.

In the "Porky" seventh the Cubs nearly overtook the Red Sox as they posted three more runs on one hit, one walk, and an error. Paul Vickery led off with a base on balls, went to second on Jeske's single to center, with both runners scoring as the Red Sox left fielder booted Kuhlman's fly ball. Vickery went for three bases. Then Art Anders hit to the first baseman who threw to the pitcher for the out allowing Kuhlman to score from third for the last Cub tally.

Marion fans will not be seeing Judy Swots or John Pilecass in a local uniform any more this season since both boys have been sent to Lockport in the Posy League, according to Manager Hartley.

Tonight the locals will travel to Zanesville for a six-game series, which includes doubleheader tonight and Friday night. They will return home next Saturday night for the first game of a five-game series with Springfield at Lincoln park.

Summary of last night's game follows:

Middletown	AB	R	H	PO	A	E

Snatches of Sports

By FRITZ HOWELL
(Pinch-Hitting for Hugh Fullerton Jr.)

NEW YORK, Aug. 1 — Some bits of baseball:

A member of the St. Louis Post Dispatch sports staff found a fan who wants to bet the Browns win the World Series, but Sports Editor John D. Wray turns down all inquiries with: "No, you can't have his address—we saw him first!"

Joe DiMaggio is leading the Yankees at the bat again—but this time it's the khaki-clad Yankees in Hawaii for whom he's hitting .441.

Tom Brown, the New 16-year-old shortstop signed by the Dodgers, may be a help to the Bums after all. They say he's big enough to wear long pants. Which brings up the observation that these war-time infields boast no Tinkers-to-Evers-to-Chance combination — they're just tinkers, and you'd better read it fast.

Seriously: Don't be surprised if Bill Skiff, competent skipper of the Seattle club of the Pacific coast loop, takes over a big league club next year. Several biggies are stalking the Yankee-trained pilot.

FIGHTERS SUSPENDED

By The Associated Press

CLEVELAND, O., Aug. 1 — Welterweights Tommy Bell of Youngstown and Bobby Richardson of Cleveland were under indefinite suspension by the Cleveland boxing commission today for failure to fulfill fight engagements agreed to by their managers. The two fighters also faced similar action by the National Boxing Association. The commission reported Bell declined to meet Richardson in a bout scheduled for Cleveland stadium July 27, and that Richardson refused to perform when Joe Barosa was substituted for Bell.

General Commends Kenton Sergeant

Special to The Star

KENTON, Aug. 1 — Mr. and Mrs. James Worrel are the proud possessors of a letter of commendation sent to their son, Staff Sergeant Norman L. Worrel, by the United States Army Quartermaster, Brigadier General Joseph P. Sullivan.

Writing upon the facts submitted by Worrel's company commander, Gen. Sullivan commended the youth for "your heroic action on March 19, 1944, when you risked your own personal safety to give aid to your comrades in distress...All who know you, who live and work with you, look up to you as an example of a man they may strive to emulate...I shall always cherish the memory of your courageous act; I am proud to count you as one of my own boys."

Recent letters from Sergeant Worrel indicate to his parents that he has since seen action in France.

Avignon, France, was the seat of the papacy from 1309 to 1377. There are nearly 3,000 languages.

LOUIS AND CONN MEET—FOR CHOW. Corp. Billy Conn (left), a leading heavyweight contender before the war, and Staff Sgt. Joe Louis, world's heavyweight boxing champion, stop for lunch at an Air Service Command depot somewhere in England during their tour of American camps for exhibition bouts. (AP Wirephoto)

NEWARK BEATS LIMA; SPRINGFIELD WINS

Newark kept its four and one-half game lead over Springfield for first place in the Ohio State league when the Moundsmen defeated Lima last night 7 to 6. Springfield kept in the running by downing Zanesville, 3-0.

Third-place Middletown remained five and one-half games behind Newark by defeating Marion last night, forcing Marion deeper into the cellar, 21 games behind Newark.

Lima, because of its defeat by Newark, is now 11½ games behind the league leaders, and Zanesville, still in fifth place, was pushed down to 15 games behind Newark by last night's defeat.

Line scores of last night's games not involving the Marion-Middletown game which is reported in detail elsewhere on today's sports page follow:

	R	H	E
Springfield	010 101 000—3	13	2
Zanesville	000 000 000—0	4	5

Goodwin and Daues; Condit, Breitbach and Lembo.

	R	H	E
Lima	100 020 003—6	9	2
Newark	002 301 10x—7	8	2

Krieger and Furtes, Hudson, Jenkins and Koppa.

Moundsman Pitcher Wins 18 Games and Bats at .438 Clip

By The Associated Press

NEWARK, O., Aug. 1 — Combine a .438 batting average with a pitching record of 18 games won and only 3 lost and there you'll have the Class D Ohio State baseball league's hottest prospect.

The young man whose right-handed pitching and hitting are setting the league on fire is 18-year-old Ned Garver of Ney (Defiance county), O., who is playing his first year of professional ball with Newark's league-leading Moundsmen.

But before major league scouts start looking up train schedules to Newark it should be noted that Garver belongs to Toledo of the American Association and thus, indirectly, is in the camp of the St. Louis Browns.

Garver's brilliant pitching record has been compiled in Newark's first 67 games. His opponents have scored only 89 runs in the 18 games he has won and only three times in his 21 games has he allowed more than three runs a contest. Right now he has a string of 11 straight triumphs. He has one no-hit game to his credit, a contest with Marion in which the only man to get on base reached there by an error.

Aside from his high school competition, Garver's only previous experience was with a Ft. Wayne (Ind.) industrial league team in 1943. At the end of that year he was offered a contract by the Pittsburgh Pirates but he turned it down because he was about to go to the Navy.

Subsequently, he reported for Navy V-12 training at Kalamazoo, Mich., but later was discharged because of a foot ailment. Then he signed with Toledo and was sent here.

Gromek Flirts With No-Hitter, Loses 1 to 0

By The Associated Press

CLEVELAND, Aug. 1 — Steve Gromek, the Cleveland Indians' nomination for rookie of the year, flirted with a no-hit game last night but lost a 1 to 0 hurling duel with a man old enough to be his father.

The victory was credited to Mike Ryba, 40-year-old Boston Red Sox twirler, when Gromek's supporting cast blew up in the ninth inning and allowed the Sox to tally the game's only run.

Each pitcher permitted the opposition only two singles but the performance of the 24-year-old Tribal recruit was more spectacular. With an anxious crowd of 20,016 looking on, the former infielder retired the first 23 batters to face him. The tension subsided in the eighth when Catcher Roy Partee lined a single past Third Baseman Ken Keltner.

St. Mary, Epworth And Waldo Teams Winners

Two games were played in the Men's Sunday School softball league and one in the Industrial league last night. St. Mary defeated First Presbyterian, 10 to 7, and Epworth Methodist won from Greenwood Evangelical, 15 to 2. Waldo was victor by a 17 to 6 score in a contest with Marion Metal Products.

Scores by innings of the games follow:

		R	H	E
Presbyterian	103 000 1—	7	9	3
St. Mary	017 020 x—10	9	4	

Presbyterian—Kilbourne and Zuck; St. Mary—Moran and Sampson.

		R	H	E
Epworth	050 400 3—15	12	1	
Greenwood	000 000 2—	2	4	5

Epworth—Hart and Kelly; Greenwood—Thorpe and Taylor.

		R	H	E
Waldo	307 003 4—17	15	0	
Marion Metal	002 001 3—	6	11	0

Waldo—Berringer and Henry; Metal Products—Layman and Curren.

Washington's Pennant Hopes Gone As Team Hits Cellar

By The Associated Press

Washington's mile-high pennant boom vanished in thin air today as the Nats hit the American league cellar while the St. Louis Browns and Boston Red Sox, once a couple of "also-rans," leaped up for the stretch drive.

The Browns and Red Sox, who were supposed to be playing merely for exercise while Washington and New York fought for the flag, took charge of the battle as the clubs neared the two-third marker by strengthening their weakest spots.

St. Louis acquired catcher Tom Turner from the White Sox via the waiver route to bolster Frank Mancuso and Red Hayworth. Boston picked Rex Cecil from San Diego, the Pacific coast strikeout king to report before Aug. 14 and give Tex Hughson a hand in the department that has been the club's glaring weakness.

Even the New York Yankees, currently in third place but only 8½ games back, sought a new catcher to replace Rollie Hemsley who will be inducted Monday.

Washington dipped into the basement last night after bowing to St. Louis, 3-2. Homers by Vern Stephens and Lefty Mogridge helped Jack Kramer take the nod over Roger Wolff.

Boston kept pace with the Brownies by shading Cleveland, 1-0, on an unearned run in the eighth.

Philadelphia pushed past Chicago in the 10th, 3-2, as Hal Epps' single followed Buddy Hall's triple to give Russ Christopher the win over Orval Grove. Detroit and New York were not scheduled.

Brooklyn's Hal Gregg ended a two-month victory famine by beating St. Louis 6-1, his first win since May 30. Mort Cooper was hammered off the hill in three frames.

Chicago took its seventh straight, 5-1, on Hy Vandenberg's three-hitter as the Phillies bowed for the ninth in a row, but the Cubs failed to reach their first division goal as the New York Giants topped Cincinnati, 9-7.

Fritz Ostermueller of Pittsburgh stopped Boston 9-2 with two hits, trimming Nate Andrews and chiming in with three hits for the cause.

Blues Pile More Grief on Red Birds

By The Associated Press

Even the basement-buried Blues of Kansas City are taking picks on the reeling Columbus Red Birds whose current American Association losing streak has reached an even dozen games.

Staggering from five straight lickings by the pace-setting Milwaukee Brewers, the Birds wobbled into Kansas City to open a fresh series last night and the tail-end Blues dished up setback No. 12 by a 4-1 count.

Indianapolis owns the season's longest string of reversals, a 14-game famine last May.

Hustling Louisville annexed its 11th triumph in 12 starts with a 9-2 win over St. Paul to gain a notch on the Brewers, who had a six-game victory streak snapped at Toledo, 7-5. The Brews still are 11 games in front, however, and the Colonels had to win to keep their two-point advantage over the third-place Mud Hens.

In the evening's fourth game, Indianapolis clustered seven hits for all their runs in the second and third innings to whip Minneapolis, 5-3.

Reds After Even Split in Series with Giants

By The Associated Press

NEW YORK, Aug. 1 — The Cincinnati Reds and New York Giants conclude a six-game series today with the Queen City boys trying to gain an even break.

The Giants took a one-game edge last night, winning 9 to 7 in a shoot-em-up affair which went two hours and 20 minutes with never a dull moment.

Cincinnati made five of their nine hits and scored six of their runs in the first two innings off Bill Voiselle, the New Yorkers' best pitcher. Ray Mueller celebrated his 158th consecutive game behind the plate for the Reds by blasting his ninth homer of the season with a mate on base in the first. Lefty Arnold Carter, the first of three Cincinnati pitchers, did the same thing in the second inning.

AIR VETERAN DOG HOME AGAIN. Gazing into the eyes of his master's widow, Mrs. Eileen Boyle Willis, Pistol Head, a cocker spaniel, is shown just after he arrived in Brooklyn, N. Y., following a trip from the central Pacific. A veteran of 48 missions, the dog was sent home after Lt. Col. Willis was killed.

Vacancies Remain In Crawford Co. Schools

Special to The Star

BUCYRUS, Aug. 1—Several vacancies still remain in the county school teaching staff with the employment of two vocational agricultural teachers, two primary instructor and a music teacher at meetings of school boards Saturday.

Robert Clymer, teacher at Richwood last year, was employed to succeed Ralph Harner as vocational agriculture teacher at North Robinson and Sulphur Springs.

E. W. Dunbar, teacher at Chesterhill last year, was hired as vocational agriculture teacher at Lykens, Chatfield and Tiron on the day unit plan.

Other teachers employed were Mrs. Morris Kuenzli as music supervisor at Holmes Liberty and Doris Holland and Mrs. Dorthea Steiger as elementary teachers at the same school.

CAREY—Mr. and Mrs. Wilfred Logsdon of south of Carey has received a letter from their son, Lt. James R. Logsdon, stating that he is based on the Island of Sardinia. Lt. Logsdon had met Lt. William Spackey, another Carey boy, two weeks ago in Tunis, North Africa.

3,275 Listed At City Playgrounds in 7-Day Period

Enrollment at eight Marion playgrounds last week totalled 3,275, according to a report from Joseph Petrich, supervisor of playgrounds. McKinley park had the highest attendance with 750. The attendance at the others was as follows: Lincoln park 360, Oakland 260, Glenwood 356, Mark Street 287, Forest Lawn 381, Silver Street 453 and Olney Avenue 419.

A picnic the latter part of this week is being planned for the children at Lincoln park. Races, contests and other special events have been planned. Olney playground is planning a picnic for next Tuesday.

Some instruction in handcraft was given by Mrs. Frances Gear of the Salvation Army to children of the Mark Street playground.

Many parents attended the picnic held at Forest Lawn school last week. Activities at Oakland school included a bicycle trip through the country around Marion and ending at Indian Mound with a picnic lunch.

SALES TAX RECEIPTS IN COUNTY SHOW DECLINE

Figures for Marion, Nearby Counties Given in Report.

Sales of prepaid tax receipts in Marion county for the week ended July 15 were listed at $6,698.64 while sales for the corresponding period of last year amounted to $7,395.27, according to a report from the office of Don E. Ebright, state treasurer.

For the July 15 period, tax stamp sales through the state were $999,708.63 and for last year's corresponding period they were listed at $986,358.75. Collections to date amounted to $30,040,315.51, last year they totaled $29,365,965.29.

Counties near Marion showed the following figures for the period ending July 15 and for collections to date with those for last year in parentheses:

Crawford, period ended July 15, $3,925.58 ($3,802.62); collections to date, $116,780.01 ($113,844.52).

Delaware, period ended July 15, $2,197.24 ($1,341.59); collections to date, $58,756.95 ($55,518.80).

Hardin, period ended July 15, $2,182.79 ($2,277.27); collections to date, $69,448.44 ($67,876.28).

Morrow, period ended July 15, $540.56 ($552.08); collections to date, $16,430.81 ($14,706.31).

Union, period ended July 15, $1,260.53 ($1,282.58); collections to date, $41,453.03 ($36,791.80).

Wyandot, period ended July 15, $1,559.96 ($1,528.21); collections to date, $45,747.37 ($46,002.73).

Colonel from Bucyrus Awarded Bronze Star

Special to The Star

BUCYRUS, July 31 — A parade and ceremony marked the presentation in New Hebridies Islands of the bronze star to Col. Russell J. Caton, former Bucyrus physician, who left the states with the 37th Division two and a half years ago, according to a war department news dispatch received here over the week-end.

The presentation was made by Major General R. G. Breene and was given for meritorious service at Guadalcanal during the last year.

The citation stated that Col. Caton "displayed unusual ability, professional knowledge and leadership in the supervision, and coordination of 20 dispensaries and 11 hospitals at Guadalcanal."

Col. Caton started the practice of medicine here in 1913 and has continued since with the exception of interruption during which he served in the first World war. His wife maintains the home here but at present is making an extended visit in California.

American Engineers Build Biggest Bridge

By The Associated Press

WITH THE FIFTH ARMY IN ITALY, July 30—(Delayed)—A bridge described as the longest ever built by a single company of army engineers, the one spanning vital highway 1, was opened for traffic last midnight. (Length and location of the bridge cannot be given because of military restrictions).

Fifteen days ago the Fifth army ordered the bridge, which in peace time at home would have taken months to complete. The job was finished in 14 days, by a company commanded by Lt. R. S. Altman of Johnsonville, S. C., who has had but one day off since the beginning of the current offensive May 11.

Those working on the project included Cpl. Harold Rush of Lucasville, O.

"Things which took Mussolini two years to build and the Germans two months to destroy were rebuilt by the Americans in two days," philosophized an Italian native watching the rush job.

BYRD GROUP RAPS U. S. IN BUSINESS

By The Associated Press

WASHINGTON, Aug. 1 — The Byrd economy committee said formally today that government-owned corporations have been set up in competition with private business "with little thought as to their advantages or disadvantages."

The report recommended that operations of 44 such corporations, having $33,000,000,000 of borrowing power and $16,500,000,000 of liabilities, be immediately placed under the over-all control of congress. Some should be liquidated at once, it added.

Summarizing its findings after a two-year study, the joint house-senate-executive committee headed by Senator Byrd (D-Va) said the corporations employed 70,000 persons in this and other counties, had outstanding loans of $6,500,000,000, and had incurred operating losses of $103,000,000 as of June 30, 1943.

"Government corporations seem to have been created with little thought as to their advantages or disadvantages," the report continued.

"From simple beginnings, each with a definite field, there has grown up a vast network, the final results of the operations of which may not be known definitely for years to come."

CAREY—Mr. and Mrs. John Simonis have received word from their son, Pvt. Carl R. Simonis, that he has arrived in England. Mrs. Imogene Sample has received word from her son, Pvt. Norman Sample, that he has arrived in England.

CRESTLINE — Mr. and Mrs. Roscoe Brown of southeast of Crestline are the parents of a daughter, Darlene Jean, born at their home Sunday.

The Coast Guard has fought in every war since the United States was founded, with the exception of the war against Tripoli.

Before World War II, 85 per cent of abaca fiber for manila rope was imported from the Philippines and Java.

FOLLOWS HIS DAD. Serving aboard the U.S.S. Vanvalkenburgh is Lieut. F. B. Vanvalkenburgh, Norfolk, Va., shown above, son of Capt. Franklin Vanvalkenburgh, who went down with the U.S.S. Arizona at Pearl Harbor, and for whom the new destroyer is named.

CHEERS WOUNDED. One of the first entertainers permitted in Normandy, Bebe Daniels—whose husband, Ben Lyon is in the U. S. Army Air Forces—helps to cheer wounded American lads behind the lines.

Total of 715 Stations in Radio Networks

By The Associated Press

NEW YORK, July 31 — The four coast-to-coast networks, NBC, CBS, the BLU and MBS, still are adding to their lists of affiliated stations. As a result the grand total has grown to 715, of which a few are classified as "dual affiliates' in that they are included in the rosters of two networks, particularly MBS and the BLU.

The total is in considerable contrast to the days when network broadcasting started. For instance, when it opened Nov. 1, 1926, NBC had 26 stations. Today is has 147. The BLU, then a part of NBC, had only six stations at the begining, Jan. 1, 1927, compared to today's 195.

CBS, third to appear on the scene, started Sept. 19, 1927, with 16 stations. These gradually have been increased to 146. MBS did not get under way until Oct. 2, 1934, beginning with a mere handful of four stations. At present it lists 227, more than any other network.

Beightler Sends Note to Kenton Parents

KENTON, O., July 31 — Major General Robert S. Beightler, commanding officer of the 37th Division which has been in the South Pacific for more than two years, has written a note of condolence to Mr. and Mrs. James Thompson of Kenton, expressing his sorrow at the death of their son, Sgt. William Thompson, at the battle of Munda, New Georgia, last Aug. 19th.

"I realize that nothing can compensate for the great sorrow thus brought to you," declared Gen. Beightler, "but I am sure that you will be comforted by the knowledge that your son gave his life in the service of his country. He was an excellent soldier, highly regarded by his superior officers, and one whom we were proud to have as a member of this division. His courage and devotion to duty contributed much to the success of his unit in its fight against the enemy."

KEPT MARSHAL BUSCH DEAD

By The Associated Press

STOCKHOLM, Aug. 1—The newspaper Aftonbladet reported today that Marshal Ernst Busch, commander of German armies retreating from White Russia, committed suicide following the generals' plot against Adolf Hitler.

AWARDED MEDAL

By The Associated Press

WASHINGTON, Aug. 1 — The congressional medal of honor has been awarded First Lieutenant Robert M. Hanson, Marine officer who accounted for 25 Japanese planes before he was reported missing. His home is Newtonville, Mass.

A storm helped destroy the Spanish Armada, and saved England from invasion in 1588.

No Man's Land Inn Nice Spot for Rest on Night Patrol

By HAL BOYLE

By The Associated Press

WITH THE AFF IN FRANCE, July 19—(Delayed)—That cozy little deserted French inn in no man's land, where German and American patrols took turns nibbling at a basement cache of booze, has lost its role as the leading battlefront tavern.

It is well within the American lines now, and the liquor is gone.

The situation came to the attention of staff officers when it was noted that one outpost patrol kept returning at night smelling like something that obviously hadn't been distilled from roses. The boys were entirely too eager to go out into the night on patrols. That alone was enough to make the commander suspicious of his merry men who always returned from this dangerous work in such high spirits.

A check disclosed they were the solitary American patrons of the French inn between the lines, whose owner fled so quickly he had no time to hide the liquor and wine stock. The patrols just came in and sat down and poured out what they wanted. No one came in to disturb them with a bill.

A German patrol came across the inn, too, and decided it was too good a thing to ruin. There never was any formal agreement between the two enemy patrols, but each managed discreetly to visit the inn so as never to surprise the other. Thus the little frontline bar, which was in territory so hot neither side dared cross by daylight, became an oasis of peace and alcoholic plenty.

"The funny thing was that every other building in the area had been knocked apart by shellfire," said Maj. Asa Gardiner, Baltimore, Md. "Of course, we couldn't let a situation like that go on. We had to put an end to it."

So some trusted reconnaissance men — teetotalers — went one night to the inn and destroyed the bottled liquor and opened the taps in the wine casks. The popularity of the night patrol fell off at once. It didn't seem so much fun when one couldn't stop in for a nightcap before returning to a foxhole.

Democrats See Danger for Party in South

By The Associated Press

WASHINGTON, Aug. 1—Southern Democrats returning to their congressional posts today brought reports that Dixieland opposition to the administration still is strong enough to endanger party victory in the November election.

All those questioned agreed that the Democrats would garner a majority of the popular vote through the south. But several said that when the electoral college meets to choose a president they expect various electors to vote for Senator Byrd (D-Va), rather than President Roosevelt.

They stated that if the balloting is close and this should happen, even though only a few electors switched, it easily might allow the Republican nominee, Thomas Dewey, to get a majority of the electoral votes.

NEED MORE WORKERS

WASHINGTON, Aug. 1—Three heavy ammunition plants in Ohio probably will need additional workers before the end of the year if they are to maintain full production quotas, War Manpower Commissioner Paul V. McNutt announced yesterday. They are: Buckeye Ordnance, South Point; Ravenna Ordnance, Ravenna; and Plum Brook Ordnance, Sandusky.

LEGAL NOTICE

Herbert Jethro Mangumn, whose place of residence is unknown, will take notice that on July 19, 1944, the undersigned Ida Lee Mangumn, filed her petition against him in case Number 27885 in the Court of Common Pleas of Marion County, Ohio, praying for divorce on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after the 23rd day of August, 1944.

IDA LEE MANGUMN
Don Williamson, Attorney for Plaintiff.

NOTICE BY PUBLICATION OF DIVORCE ACTION

Case No. 27869.

Kurt Fantl, whose residence is 1500 DuWarte Road, DuWarte, California will take notice that on the 26th day of June, 1944, the undersigned, Madonna Evelyn Fantl, filed her petition against him in the Court of Common Pleas of Marion County, Ohio, praying for a divorce and relief on the grounds of grose neglect of duty. Said cause will be for hearing on and after the 9th day of August, 1944.

MADONNA EVELYN FANTL
By J. C. A. Arter, Her Attorney.

LEGAL NOTICE

In the matter of the Leathem Joint County Ditch No. 375 petitioned for by Salo Leathem, et al.,

To each person signing or named in the petition and to each other person affected by said improvement.

You and each of you are hereby notified that on the 19th day of June 1944, the above named petitioner filed a petition with the Auditor of Marion County, Ohio, for the improvement of the Leathem Joint County Ditch by repair of tile at the upper end and open ditch from County line down stream on the course hereinafter set forth. The construction of the improvement is necessary and will be conducive to the public welfare.

An application to amend petition was filed at the first hearing in the Commissioners office of Marion County, Ohio, on the 24th day of July, 1944, by Salo Leatham which reads as follows:

Commencing on the land of Salo Leathem in Section 35, Township 4, Range 17 E., Fully Township, Marion County, Ohio, thence in a southerly direction following the general course of said ditch crossing the lands of Salo Leathem, a public road, Dean Reboun, County Line road, Thelma Whaley, Velma M. Daley, et al, Emery Senkle, T. & O. C. R. R., Eliza Coz, Sarah J. Brooks and V. L. Brooks or far enough for a good and sufficient outlet.

It is claimed that the improvement will affect property owned by you. You are therefore notified that the Joint Board of County Commissioners of Marion and Morrow County have fixed the 21st day of August 1944, at 10 o'clock A. M., (C.W.T.) 11 o'clock A. M., (E.W.T.) for viewing the proposed improvement as amended and have fixed the 28th day of August, 1944, at 10 o'clock A. M., (C.W.T.) 11 o'clock A. M., (E.W.T.) in the office of the County Commissioners in Marion, Ohio, as the time and place for the hearing in the matter of said improvement as amended.

Joint Board of Commissioners of Marion and Morrow Counties.
By W. S. Guthrie,
Clerk of Joint Board.
July28,Aug.1,1944.

QUEZON

(Continued from Page 1)

wealth government which on November 15, 1935, took over the administration of the islands for a 10-year period designed to be transitional from the dependent to full independent status.

Quezon always sought freedom for the archipelago. He was still a law student when the United States drove the Spaniards out of the islands in 1898 but he dropped his studies the next year when President McKinley's pronouncement that "the constitution follows the flag" dashed the hopes of Emilio Aguinaldo that his provisional government would be recognized and drove him into open rebellion.

Quezon joined Aguinaldo's forces as a lieutenant, rose to be a major on Aguinaldo's staff and toward the end of the fighting was chief of staff for the insurrectionists in central Luzon. When the movement collapsed in March, 1901, upon Aguinaldo's capture by Gen. Frederick Funston, Quezon too was taken and was in a military prison for six months.

Rapid Climb in Politics

Then he went back to his studies, won admission to the bar and began a rapid climb in politics which saw him made one of the two resident commissioners for the islands in Washington in 1909 and president of the first insular senate in 1916, the highest elective office which a Filipino may attain under the American regime. He held that post until 1928.

For more than 30 years Quezon cooperated with Washington in promoting self-government for the islands, frequently visiting the capital as member of independence missions after he quit the commissionership, always sounding his slogan of "absolute, immediate and complete independence."

Time and again, as he compromised a bit here and there, he was a target for bitter political fire at home and just as often he defeated his enemies, although he generally managed not to alienate them completely. In the 19 years preceding establishment of the commonwealth, he relied consistently upon the preamble of the Jones act of 1916, a piece of legislation for which his friends gave him full credit.

That preamble stated that "it always has been the purpose of the people of the United States to withdraw their sovereignty over the Philippine Islands and to recognize their independence as soon as a stable government can be established therein." The act abolished the Philippines commission under which the islands had been governed for 15 years, established a senate and house of representatives to take the place of the former "assembly" and opened all executive posts except the governor general, auditor and superintendent of public instruction, to Filipinos.

Quezon was born in the village of Baler, province of Tayabas, August 18, 1878, of mixed Filipino and Spanish parentage, his father being a school teacher and small farmer. The son received his A.B. degree from San Juan de Letran college and his law degree from Santo Tomas University in Manila in 1903.

On December 17, 1918, he married at Hongkong, Aurora Aragon of Baler. Four children were born to them of whom two daughters and a son survived infancy.

OHIO SOLDIER KILLED

By The Associated Press

CAMP M'COY, Wis., Aug. 1—Pvt. Robert C. Ashbee, 20, of Akron, O., was killed when a jeep got out of control, Col. George M. MacMullin, post commander, reported last night.

Long-Time Aid Of President Stricken in Massachusetts

MISS MARGUERITE LE HAND

By The Associated Press

WASHINGTON, Aug. 1—Miss Marguerite Alice (Missy) Le Hand, who served as President Roosevelt's personal secretary for more than a score of years, died Monday at Chelsea, Mass., of cerebral embolism.

Her death was announced by the White House, where it was said she had been stricken unexpectedly. She retired as the President's secretary Dec. 18, 1942 because of ill health but had improved somewhat since that time.

President Roosevelt, notified immediately of her death issued this statement:

"Memories of more than a score of years of devoted service enhance the sense of personal loss which Miss Le Hand's passing brings. Faithful and painstaking, with charm of manner, inspired by tact and kindness of heart, she was utterly selfless in her devotion to duty.

"Her's was a quiet efficiency, which made her a real genius in getting things done.

"Her memory will ever be held in affectionate remembrance and appreciation, not only by all the members of her family, but the wide circle of those whose duties brought them into contact with her."

Two-Ball Foursome Tourney at Country Club

R. C. Isaly and Mrs. B. H. Buetlin, with a score of 35½, took top honors in a two-ball foursome golf tourney at the Marion Country club Sunday, highlight of a busy week-end for the club's golf course.

Jack Kennedy and Mrs. Harry Heuther were second with 36, Harry Heuther and Mrs. Kennedy were third with 40 and B. H. Buetlin and Mrs. W. A. Dennis fourth with 41½.

GRAIN PRICES HOLD TO NARROW RANGE

By The Associated Press

CHICAGO, Aug. 1—Grain futures fiddled around in a narrow range today, with market influences contradictory and trading quiet. Prices generally were weak at the opening but short covering soon brought them up to around the previous close.

Not encouraging to bullish interests was a report showing an increase of 4,319,153 bushels in the Canadian visible wheat supply for July 28 compared with July 21. The total was 268,997,752 bushels. Traders believed, however, that a private U. S. crop estimate due in a day or two would show a reduction in wheat expectations in this country, due to rust and wet harvest damage.

FILE BALLOT SUIT

By The Associated Press

YOUNGSTOWN, O., Aug. 1 — The CIO Political Action Committee filed a mandamus suit in common pleas court yesterday asking that absentee soldier ballots issued at CIO booths to relatives of servicemen be honored by the board of elections.

STOCKS SHIFT TO RECOVERY

Steels, Motors and Rails Lead Mild Effort at Price Advance.

By The Associated Press

NEW YORK, Aug. 1—Steels, motors and rails led the stock market on a quiet recovery shift today that put favorites up fractions to a point or more.

Buying inspiration apparently was found in the idea the list had undergone a worthwhile correction of the lengthy upswing.

Dealings picked up a trifle after the opening although volume still was one of the lows of the past three months.

In front the greater part of the time were U. S. Steel, Bethlehem, Chrysler, General Motors, N. Y. Central, U. S. Rubber, Sears Roebuck and Standard Oil (N.J.).

Central Christian Congregation To Meet

The annual congregational meeting of the Central Christian church will be held Wednesday evening, beginning with a pot-luck dinner at 6:30 in the church dining room. Cutler McGrew will preside and reports will be heard from the officers, standing committees, and the auxiliary organizations of the church. Special music will be furnished by the choir, Milton Baker, and Mrs. Virgil Curl. Rev. Ben Hagelbarger of the Mansfield Christian church will be guest speaker. Members who have come into the church within the last year will be given special recognition.

DROWNS IN QUARRY

By The Associated Press

OTTAWA, O., Aug. 1—Richard Sheppard, 24, drowned in a stone quarry near here last night. An employe of the Ohio Steel Co. at Lima, he held a medical discharge from the Navy.

Home Radio Productions Still Months Away

By The Associated Press

NEW YORK, Aug. 1—In all-out war production since April, 1942, the radio industry still sees little prospect of turning again to making home receivers before next year. And even that will depend on the European war developments.

Spokesman for the industry, the Radio Manufacturers' association, so outlined the current market situation today in warning against the purchase of what is described as "black market" sets being assembled from various parts without required war production board approval for manufacture. Such receivers, it said, also must comply with OPA price regulations.

* * *

Jackie Gleason from Broadway is joining Les Tremayne, Aug. 13 to take over the post in the Sunday night NBC series at 10:30 vacated by Bob Crosby June 25 to go into the Marines. At the same time the program is being shifted from Hollywood to New York. March of Time is returning to NBC Thursday night after a four weeks' vacation.

LOVE'S FAIR HORIZON

By ADELE GARRISON

I KNEW that my father's ribbies were twitching, as mine were, at the phrasing with which Gus, his hideaway caretaker, had just ushered in the three F.B.I. men and the three trailers accompanying them. But his words were matter-of-fact, with no hint of mirth.

"Thank you, Gus," he said quietly. "Now see that those cars are ready. We shall be out on the minute."

"Okay!" Gus gave his invariable reply, and swung the door open again. My father's voice stopped him as he started through it.

"Gus!" he said sharply.

"Yes, sir?" The rotund caretaker swung round to face the Chief.

Further Instructions

"See that the armored car with Joe driving, and you and Sam with him, is at the street entrance the hotel a half hour from now. Keep it there until we want it, or you receive further orders from me."

The caretaker's eyes were shining now with the prospect of a part in the coming action, and his "Okay!" this time held a distinctly exuberant note.

"We may as well be prepared for every emergency," my father said as the door closed behind Gus. But he vouchsafed no further explanation and turned to the six men whom the caretaker had brought into the room.

"Sit down, all of you," he directed, motioning to the chairs Junior and Roderick had just finishing placing for them. "We have less than five minutes, but you might as well be comfortable while you're listening."

Groups Different

The six men sat down without speaking, and I noted the differences in the two groups of men. The F.B.I. men were well-groomed, and definitely superior in mentality and breeding to the other three. But I was sure that all of the first group had been under the skillful hands of a makeup artist, although to the casual eye their hair, their eyebrows and their facial lines appeared to be their own.

The other three men—the trailers—were nondescript, carelessly dressed men of average height and weight, and I knew they had been chosen, not only for their ability in trailing people—their eyes even now, from sheer habit, were taking in every detail of the room and the people in it—but because there were thousands like them, with no outstanding, noticeable characteristics.

"I already have explained most of this to you men," my father began. "One of you trailers is to stand where you can see the man who is with my daughter and me, the other two are to stand respectively near the two men escorting the boys. And you will watch both the crowd and your superior officers, so that when he gives you the signal you may spot and begin trailing the man whom he leristics.

Describes Men

"The three men you are to trail will be wearing dark glasses, and all have dark moustaches. The leader, in addition, will have a van dyke beard. He also has a guttural voice.

"You three will go now to the Long Island station of the Pennsylvania railroad by subway. You know where the taxicabs drive up and discharge their passengers for the Long Island trains?"

"Yes, we know," one of them said.

"And the stairway that leads down to the space outside the gates where the passengers wait to go to the outgoing trains?"

"Yes," he said again.

"Wait as near the foot of that stairway as you can without making yourselves conspicuous. We shall come down that stairway, not at once, but within a short time of each other. When we do, each of you will follow his own group in such fashion that nobody dreams you have any connection with us. We shall go directly to a place near the gates where that first train from Bridgehampton comes in and try to lose ourselves in the crowd as the passengers from that train come up the stairs. Remember, the three men on that train will be looking for my daughter, but we trust they will not recognize her in this guise."

Madge Inspected

He waved toward me, and the eyes of the three trailers rested on me for an instant with no trace of interest in them. They had seen too many disguises, I mentally commented, to pay anything but the most casual attention to my mourning costume.

"And now, there is nothing to keep you here further," my father said. "You know where to find Gus?"

"Yes. He said he'd be waiting in the hall," the spokesman said.

"Then tell him to let you out and show you the nearest way to the subway," my father told them. In another quarter of a minute, the door had closed behind them, and my father turned to face the three F.B.I. men.

"Those trailers you brought appear to be good men," he commented.

"None better for their purpose," the leader said. "They look as if they wouldn't do anything if they were booted all over the lot, but a bull dog has nothing on any one of them, once they get their teeth into a job."

YOUR HEALTH

By LOGAN CLENDENING, M. D.

For Cancer Control

The education of the public about cancer is proceeding apace if one can judge by the literature that comes to my desk. The American Society for the Control of Cancer publishes an article in a weekly magazine, and it issues a bulletin of its own for general public distribution. It appoints a month to be designated cancer control month, many state health departments start campaigns of explanation among their citizens.

How much should the public be educated about cancer? I confess I don't know. Enough so they use common sense, and not enough to get frightened, or go off half cocked at anything that happens to their family or relatives or neighbors and insist on unnecessary operations or some fool quack treatment. But they should know enough to realize when there is a real indication for it, and to get early and proper treatment. And that is a tall order. A little learning is a dangerous thing, and when they get a little learning about cancer common sense often flies out of the window.

I think I know something about the different cancers. I have had a skin cancer and I don't think I displayed any morbid fear about it. I had it right in my old vaccination scar and I didn't recognize what it was for several weeks, and then when it began to bleed (it never hurt) I went to a dermatologist and he said—"Why that is an epithelioma," and I went right out of his office to a surgeon's office who cut it out, and it was sent to a pathologist who sectioned it and said, "Yes, it is an epithelioma," and that's the last I have worried about it since.

How do I advise or control my household? Well, I do not deliberately avoid it, but it never occurs to me to talk about cancer to them. They come to me pretty soon after any symptom pops up in them (that is perhaps the advantage of a doctor's household) and if there is, following the outline of the American Society for the Control of Cancer:

1. Any abnormal or irregular discharge from any of the body openings.

2. Any sore, no matter how small, on the skin, lips, tongue, mouth, that does not heal within ten days.

3. Any mole, wen or wart that changes its texture or begins to grow.

4. Any persistent hoarseness or loss of voice not due to a cold.

5. Any lump—no matter if entirely painless—especially in the female breast.

If any of those things were reported to me I would start an investigation immediately. That investigation should include removal of a piece of the tissue (biopsy) and examination of a section of it under the microscope by a trained pathologist. That is the final test for diagnosis. There is no blood test or electrical test. Even here some common sense can be used. If the spot is on the skin and is fairly small, have it removed, not just a small piece for microscopic examination, and when the whole growth is removed have part of it examined microscopically and then decide whether to have follow-up X-ray or radium treatments.

But I also know about the above list of indications for examination that there are a great many kinds and cases of discharge from one of the cavities of the body that are not due to cancer at all. In fact most of them, so I would accept a negative verdict with a placid mind.

Surgery, X-ray and radium are the only methods of treatment of cancer that have ever been found successful. Sometimes one is better, sometimes the other, sometimes a combination. But they are the only ways of treatment to trust. There is no serum or chemical in the blood that at the present time has any scientific ground for recognition.

The best hope for prevention of cancer is in the forms on the skin and in the breast. You can see or feel them. There is not much excuse for anybody who neglects those two varieties until it is too late.

Asia is about 6,000 miles from east to west and 5,300 from north to south.

GENERAL OUTLOOK FOR GRAIN GOOD

By The Associated Press

CHICAGO, July 31—Increased spottiness in the grain growing areas of the United States has resulted from drouth, excessive rains and plant diseases but the general outlook is for large production, says one of the authoritative private crop reports.

Many observers believed losses would be reflected in the next government crop estimate but refused to regard them as significant because the wheat crop is expected to be large in any event.

Trade sentiment as a whole is inclined to be bearish, due largely to the size of the wheat crop and to dissension within Germany which many regarded as indicative of an early end of the war. However, the government loan at 90 per cent of parity and Commodity Credit Corporation purchases have been sustaining factors in the wheat pit.

Over 14 million bushels of cash wheat have been purchased by CCC since July 1. The government buying price is one cent below the loan.

Traders regard the rye market as the only one affording much speculative opportunity. Much of the trade has been centered in that put in recent weeks and the daily turnover has been running double that of wheat. Interest has resulted in a sharp, swinging market.

Uruguay is the smallest republic in South America.
